

PROSPECTUS

(incorporated with limited liability under the laws of England and Wales with registered number 04967001)

€3,000,000,000 **Euro Medium Term Note Programme**

Under this €3,000,000,000 Euro Medium Term Note Programme (the **Programme**), ITV plc (the **Issuer** or **ITV**) may from time to time issue notes (the **Notes**) denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

Notes may be issued in bearer or registered form (respectively **Bearer Notes** and **Registered Notes**). The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €3,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement described herein), subject to increase as described herein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under “*Overview of the Programme*” and any additional Dealer appointed under the Programme from time to time by the Issuer (each a **Dealer** and together the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in this Prospectus to the **relevant Dealer** shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see “*Risk Factors*”.

This Prospectus has been approved as a base prospectus by the Financial Conduct Authority (the **FCA**), as competent authority under Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (**EUWA**) (the **UK Prospectus Regulation**). The FCA only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the UK Prospectus Regulation. Approval by the FCA should not be considered as an endorsement of the Issuer or of the quality of the Notes. Investors should make their own assessment as to the suitability of investing in the Notes.

Application has been made to the FCA for Notes issued under the Programme during the period of 12 months from the date of this Prospectus to be admitted to the official list of the FCA (the **Official List**) and to the London Stock Exchange plc (the **London Stock Exchange**) for such Notes to be admitted to trading on the London Stock Exchange’s main market.

References in this Prospectus to Notes being **listed** (and all related references) shall mean that such Notes have been admitted to trading on the London Stock Exchange's main market and have been admitted to the Official List. The London Stock Exchange's main market is a United Kingdom (**UK**) regulated market for the purposes of Regulation (EU) No 600/2014 on markets in financial instruments as it forms part of domestic law by virtue of the EUWA (**UK MiFIR**).

This Prospectus (as supplemented as at the relevant time, if applicable) is valid for 12 months from its date in relation to Notes which are to be admitted to trading on a regulated market in the UK. The obligation to supplement this Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Prospectus is no longer valid.

The requirement to publish a prospectus under the Financial Services and Markets Act 2000 (FSMA) only applies to Notes which are admitted to trading on a UK regulated market as defined in UK MiFIR and/or offered to the public in the UK other than in circumstances where an exemption is available under section 86 of the FSMA. References in this Prospectus to **Exempt Notes** are to Notes for which no prospectus is required to be published under the FSMA. The FCA has neither approved nor reviewed information contained in this Prospectus in connection with Exempt Notes.

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined under "*Terms and Conditions of the Notes*") of Notes will (other than in the case of Exempt Notes, as defined above) be set out in a final terms document (the **Final Terms**) which will be delivered to the FCA and, where listed, the London Stock Exchange. Copies of the Final Terms in relation to Notes to be listed on the London Stock Exchange will also be published on the website of the London Stock Exchange through a regulatory information service.

In the case of Exempt Notes, notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche will be set out in a pricing supplement document (the **Pricing Supplement**).

The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the Issuer and the relevant Dealer. The Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the **Securities Act**) or any U.S. State securities laws and may not be offered or sold in the United States or to, or for the account or the benefit of, U.S. persons as defined in Regulation S under the Securities Act unless an exemption from the registration requirements of the Securities Act is available and in accordance with all applicable securities laws of any state of the United States and any other jurisdiction.

The Issuer has been rated Baa3 (stable outlook) by Moody's Investors Service Limited (**Moody's**), BBB- (stable outlook) by S&P Global Ratings UK Limited (**S&P**) and BBB- (stable) by Fitch Ratings Limited (**Fitch**). The Programme has been rated as Baa3 (senior unsecured) and as P-3 (short-term) by Moody's and as BBB- (long-term) and A-3 (short-term) by S&P.

Each of Moody's, S&P and Fitch is established in the UK and is registered under Regulation (EC) No. 1060/2009 as it forms part of domestic law by virtue of the EUWA (the **UK CRA Regulation**). None of Moody's, S&P or Fitch is established in the European Economic Area (the **EEA**) or has applied for

registration under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**). Accordingly, the ratings issued by Moody's, S&P and Fitch have been endorsed by Moody's Deutschland GmbH, S&P Global Ratings Europe Limited and Fitch Ratings Ireland Limited, respectively, in accordance with the CRA Regulation and have not been withdrawn. Each of Moody's Deutschland GmbH, S&P Global Ratings Europe Limited and Fitch Ratings Ireland Limited is established in the EEA and registered under the CRA Regulation. As such, each of Moody's Deutschland GmbH, S&P Global Ratings Europe Limited and Fitch Ratings Ireland Limited is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website (at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with the CRA Regulation.

Notes issued under the Programme may be rated or unrated by any one or more of the rating agencies referred to above. Where a Tranche of Notes is rated, such rating will be disclosed in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Notes) and will not necessarily be the same as the rating assigned to the Programme by the relevant rating agency. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Amounts payable on Floating Rate Notes will be calculated by reference to one of SONIA, SOFR, €STR and EURIBOR, as specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Notes). As at the date of this Prospectus, the administrator of EURIBOR (which is the European Money Markets Institute) is included in the FCA's register of administrators under Article 36 of Regulation (EU) No 2016/1011 as it forms part of domestic law by virtue of the EUWA (the **UK Benchmarks Regulation**). As far as the Issuer is aware, €STR (the administrator of which is the European Central Bank), SOFR (the administrator of which is the Federal Reserve Bank of New York) and SONIA (the administrator of which is the Bank of England) do not fall within the scope of the UK Benchmarks Regulation by virtue of Article 2 of that regulation.

IMPORTANT INFORMATION

This Prospectus comprises a base prospectus in respect of all Notes other than Exempt Notes issued under the Programme for the purposes of Article 8 of the UK Prospectus Regulation.

The Issuer accepts responsibility for the information contained in this Prospectus and the Final Terms for each Tranche of Notes issued under the Programme. To the best of the knowledge of the Issuer the information contained in this Prospectus is in accordance with the facts and this Prospectus makes no omission likely to affect its import.

This Prospectus is to be read in conjunction with all documents which are deemed to be incorporated in it by reference (see "*Documents Incorporated by Reference*"). This Prospectus shall be read and construed on the basis that those documents are incorporated in, and form part of, this Prospectus.

Other than in relation to the documents which are deemed to be incorporated by reference (see "*Documents Incorporated by Reference*"), the information on the websites to which this Prospectus refers does not form part of this Prospectus and has not been scrutinised or approved by the FCA.

Neither the Dealers nor HSBC Corporate Trustee Company (UK) Limited (the Trustee) have independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers or the Trustee as to the accuracy or completeness of the information contained or incorporated in this Prospectus or any other information provided by the Issuer in connection with the Programme.

No person is or has been authorised by the Issuer, any of the Dealers or the Trustee to give any information or to make any representation not contained in or not consistent with this Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, any of the Dealers or the Trustee.

Neither this Prospectus nor any other information supplied in connection with the Programme or any Notes (a) is intended to provide the basis of any credit or other evaluation or (b) should be considered as a recommendation by the Issuer, any of the Dealers or the Trustee that any recipient of this Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Prospectus nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of the Issuer, any of the Dealers or the Trustee to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Prospectus nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained in it concerning the Issuer is correct at any time subsequent to its date or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers and the Trustee expressly do not undertake to review the

financial condition or affairs of the Issuer during the life of the Programme or to advise any investor in Notes issued under the Programme of any information coming to their attention. If a jurisdiction requires that the offering be made by a licensed broker or dealer and the Dealers or any parent company or affiliate of the Dealers is a licensed broker or dealer in that jurisdiction and so agrees, the offering shall be deemed to be made by the Dealers or such parent company or affiliate on behalf of the Issuer in such jurisdiction.

IMPORTANT – EEA RETAIL INVESTORS – If the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) includes a legend entitled “Prohibition of sales to EEA Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended) (**MiFID II**); or (ii) a customer within the meaning of Directive (EU) 2016/97 (the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the **Prospectus Regulation**). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended) (the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS – If the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) includes a legend entitled “Prohibition of sales to UK Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the **UK PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MiFID II product governance / target market – The Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) may include a legend entitled “MiFID II product governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the **MiFID Product Governance Rules**), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither

the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MiFIR product governance / target market – The Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) may include a legend entitled “UK MiFIR product governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. A distributor (as defined above) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the **UK MiFIR Product Governance Rules**) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

NOTIFICATION UNDER SECTION 309B(1)(C) OF THE SECURITIES AND FUTURES ACT 2001 OF SINGAPORE, AS MODIFIED OR AMENDED FROM TIME TO TIME (THE SFA) – In connection with Section 309B of the SFA and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the **CMP Regulations 2018**), the Issuer has, unless otherwise specified before an offer of Notes, determined and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes to be issued under the Programme are prescribed capital markets products (as defined in the CMP Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

IMPORTANT INFORMATION RELATING TO THE USE OF THIS PROSPECTUS AND OFFERS OF NOTES GENERALLY

This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer, the Dealers and the Trustee do not represent that this Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Dealers or the Trustee which is intended to permit a public offering of any Notes or distribution of this Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Prospectus and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Prospectus and the offer or sale of Notes in the United States, the EEA, the UK and Singapore, see “*Subscription and Sale*”.

NOTICE TO CANADIAN INVESTORS

The Notes may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 Prospectus Exemptions or subsection 73.3(1) of the Securities Act (Ontario), and are permitted clients, as defined in National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations. Any resale of the Notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this Prospectus (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for particulars of these rights or consult with a legal advisor.

PRESENTATION OF FINANCIAL AND OTHER INFORMATION

Presentation of Financial Information

Unless otherwise indicated, the financial information in this Prospectus relating to the Issuer has been derived from the audited consolidated financial statements of the Issuer as at and for each of the years ended 31 December 2022 and 31 December 2023 (together, the **Financial Statements**).

The Issuer's financial year ends on 31 December, and references in this Prospectus to any specific year are to the 12-month period ended on 31 December of such year. The Financial Statements have been prepared in accordance with UK-adopted international accounting standards as applied in accordance with the provisions of the Companies Act 2006 (**IFRS**).

Alternative Performance Measures

ITV and its subsidiaries (the **Group**) uses certain alternative performance measures (**APMs**) to assess the performance of its business, including EBITA, Adjusted EBITA, and Adjusted EBITDA (which are described further below). These APMs are not calculated in accordance with IFRS. The Group considers that these APMs provide useful information to enhance the understanding of financial performance of the Group, but APMs should not be regarded as a substitute for, or superior to, any IFRS measures of performance.

Description of certain APMs

- EBITA is calculated by adjusting operating profit for operating exceptional items and amortisation and impairment.
- Adjusted EBITA is calculated by adding back high-end production tax credits to EBITA. Further adjustments, which include the gain/loss on the sale of non-current assets, amortisation and impairment of assets acquired through business combinations and investments, and certain net financing costs, are made to remove their effect from adjusted profit before tax and adjusted EPS. The tax effects of all these adjustments are reflected in the adjusted tax charge. Group adjusted EBITA removes the profit recorded in the ITV Studios business related to content sold

to the Media & Entertainment business but unutilised and held on the balance sheet at the year end.

- Adjusted EBITDA, which is used to calculate the Group's leverage, is calculated by adding back depreciation to adjusted EBITA.

An explanation of each such APM's components and calculation method can be found at pages 42 to 44 (incorporated by reference herein) of the ITV plc Annual Report and Accounts for the year ended 31 December 2023 of the Issuer (the **ITV Annual Report 2023**) and pages 57 to 59 (incorporated by reference herein) of the ITV plc Annual Report and Accounts for the year ended 31 December 2022 of the Issuer (the **ITV Annual Report 2022**).

Third Party Information

Where information in this Prospectus has been sourced from third parties, this information has been accurately reproduced and, as far as the Issuer is aware and is able to ascertain from the information published by such third parties, no facts have been omitted which would render the reproduced information inaccurate or misleading. The source of any third-party information is identified where used.

Certain Defined Terms and Conventions

Capitalised terms which are used but not defined in any particular section of this Prospectus will have the meaning attributed to them in "*Terms and Conditions of the Notes*" or any other section of this Prospectus. In addition, the following terms as used in this Prospectus have the meanings defined below:

In this Prospectus, all references to:

- *U.S. dollars*, *U.S.\$* and *\$* refer to United States dollars;
- *Sterling* and *£* refer to pounds sterling; and
- *euro* and *€* refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

Certain figures and percentages included in this Prospectus have been subject to rounding adjustments; accordingly, figures shown in the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

In this Prospectus, unless the contrary intention appears, a reference to a law or a provision of a law is a reference to that law or provision as extended, amended or re-enacted.

SUITABILITY OF INVESTMENT

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential

investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of financial markets;
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and
- (vi) understands the accounting, legal, regulatory and tax implications of a purchase, holding and disposal of an interest in the Notes.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

STABILISATION

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) designated in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Notes) as acting as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

CAUTIONARY STATEMENT REGARDING FORWARD LOOKING STATEMENTS

Some statements in this Prospectus may be deemed to be forward looking statements. Forward looking statements include statements concerning the Issuer's plans, objectives, goals, strategies, future operations and performance and the assumptions underlying these forward looking statements. Although the Issuer believes that the expectations, estimates and projections reflected in its forward looking statements are reasonable as of the date of this Prospectus, if one or more of the risks or uncertainties materialise, including those identified below or which the Issuer has otherwise identified in this Prospectus, or if any of the Issuer's underlying assumptions prove to be incomplete or inaccurate, the Issuer's actual results of operation may vary from those expected, estimated or predicted.

The risks and uncertainties referred to above include:

- the Issuer's ability to achieve and manage the growth of its business;
- the performance of the markets in the United Kingdom and the wider region in which the Group operates;
- the Issuer's ability to realise the benefits it expects from existing and future projects and investments it is undertaking or plans to or may undertake;
- the Issuer's ability to obtain external financing or maintain sufficient capital to fund its existing and future investments and projects; and

Any forward looking statements contained in this Prospectus speak only as at the date of this Prospectus. Without prejudice to any requirements under applicable laws and regulations, the Issuer expressly disclaims any obligation or undertaking to disseminate after the date of this Prospectus any updates or revisions to any forward looking statements contained in it to reflect any change in expectations or any change in events, conditions or circumstances on which any such forward looking statement is based.

Other than for Floating Rate Notes for which the Reference Rate is specified as "SOFR" in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement), if a Benchmark Event occurs, such that any Rate of Interest (or any component part thereof) cannot be determined by reference to the relevant Original Reference Rate, then the Issuer may (subject to certain conditions) be permitted to substitute such Original Reference Rate with a successor, replacement or alternative benchmark and/or screen rate (with consequent amendment to the terms of the Notes and the application of an adjustment spread (which could be positive, negative or zero)).

In respect of Floating Rate Notes for which the Reference Rate is specified as "SOFR" in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement), if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the then-current Benchmark, then the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Notes and the Issuer will have the right (subject to certain conditions) to make Benchmark Replacement Conforming Changes from time to time.

Step Up / Step Down Rating Change:

The applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) will specify whether Step Up / Step Down Rating Change will apply to the Notes, in which case the rate of interest (in the case of Fixed Rate Notes) or the margin (in the case of Floating Rate Notes) may be subject to adjustment as specified in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) in accordance with Condition 5.3.

specified prior to such stated maturity and at a price or prices and on such other terms as may be agreed between the Issuer and the relevant Dealer.

Denomination of Notes:

The Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency, see “*Certain Restrictions - Notes having a maturity of less than one year*” above, and save that the minimum denomination of each Note (other than an Exempt Note) will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency).

Taxation:

All payments in respect of the Notes will be made without deduction for or on account of withholding taxes imposed by any Relevant Jurisdiction as provided in Condition 8. In the event that any such deduction is made, the Issuer will, save in certain limited circumstances provided in Condition 8, be required to pay additional amounts to cover the amounts so deducted.

The Programme has been rated as Baa3 (senior unsecured) and as P-3 (short-term) by Moody’s and as BBB- (long-term) and A-3 (short-term) by S&P. Series of Notes issued under the Programme may be rated or unrated. Where a Series of Notes is rated, such rating will be disclosed in the applicable Final Terms (or applicable Pricing Supplement, in the case of Exempt Notes) and will not necessarily be the same as the ratings

Regulation S, Category 2. TEFRA C or D/TEFRA not applicable, as specified in the applicable Final Terms (or applicable Pricing Supplement, in the case of Exempt Notes).

RISK FACTORS

In purchasing Notes, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due. The Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer has identified in this Prospectus a number of factors which could materially adversely affect its business and ability to make payments due.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

FACTORS THAT MAY AFFECT THE ISSUER'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER NOTES ISSUED UNDER THE PROGRAMME

RISKS RELATING TO THE ISSUER AND ITS BUSINESS

Risks associated with the market

An inability to respond to changing viewing habits and deliver forecasted viewing for both linear and streaming could result in a failure to monetise and deliver against revenue targets.

The Group's ability to monetise its content, including by way of advertising revenue, is dependent on being able to retain viewers and increase the volume of content they consume on the Group's services. The advent of a multitude of new digital technologies, including new video formats, internet-enabled television, streaming and downloading capabilities via the internet, video on demand (**VOD**), mobile television and other devices and technologies, has increased the number of media and entertainment choices available to audiences. This has changed the way in which audiences consume content, with viewing habits continuing to evolve, reflected in a shift towards streaming and other digital viewing amongst all demographics, accompanied by a corresponding decline in linear viewing. A faster than expected shift towards non-linear viewing could lead to a sustained loss of viewing and/or significantly reduced demand for television advertising.

There is a growing level of competition for viewer attention, in particular from large streamers with the introduction of new advertising tiers of subscription, with an increase in viewing options available and accelerating demand from the growth of online video, and the Issuer could fail to capitalise on the shift towards digital viewing through its investment in the ITVX platform.

If the Group fails to adequately anticipate, respond or adapt to the shift towards digital viewing, that could result in the loss of viewers, a decrease in the volume of content that they consume and/or the Issuer being unable to continue to attract its most commercially valuable viewers to both linear and streaming content. Such a failure could result in a decline in airtime and advertising revenues from television advertising for broadcasters, including the Group, which may have an adverse effect on the Group's business, results of operations, profitability and financial condition, which could adversely affect the Issuer's ability to fulfil its obligations under the Notes.

Increasing competition and challenging advertising market conditions may impact the Group's revenue stream, affecting its ability to fund its content budget.

A large proportion of the Group's income is derived from advertising revenue. For the Issuer's financial years ended 31 December 2023 and 31 December 2022, total advertising revenues accounted for 42 per cent. and 44 per cent. respectively of total revenues of the Group.

Future total advertising revenues of the Group could be affected by a variety of factors, including:

- the current overall uncertain macroeconomic environment impacting demand for advertising;
- a structural decline in television's share of the advertising market to other forms of media, in particular to the digital advertising market;
- competition for market share from the larger streamers introducing advertising tiers of subscription;
- a loss in the Group's market share of the television advertising market to competitors;
- the proportion of advertising budgets being spent on digital offerings and with media owners with advanced features (such as audience attribution) may increase;
- the ability or inability of the Group to monetise streaming content by using the ITVX platform to generate advertising revenue; or
- regulatory or legislative changes which may impose advertising restrictions on key categories, including continued tightening of data protection and privacy regulations which may impact the Group's ability to target advertising.

The above factors may result in a deterioration in the Group's advertising revenues, which could limit its flexibility in planning for, or reacting to, changes in its business, the competitive environment and the industries in which the Group operates, which may in turn have a material adverse effect on its business, results of operations and financial condition, which could adversely affect the Issuer's ability to fulfil its obligations under the Notes.

Regulatory and Legal Risks

Changes to policy and regulation, or a failure by the UK government to regulate, or a failure by the Group to comply with such regulations, may have a negative impact on the future of the Group's business and/or the cost of operations.

The Issuer is subject to UK and European Union laws and regulations which restrict the manner in which it carries on its businesses. The Group's businesses are primarily affected by broadcasting policies and regulations adopted by regulatory authorities in the UK, including in respect of its regional Channel 3 nations, regions and breakfast licences, advertising content and quality, the amount of commercial advertising permitted per hour, and the contract rights renewal framework (which provides a layer of governance between the Group and its advertising customers in relation to the sale of airtime for advertising).

The Issuer engages with regulators and governments to shape the future regulation that protects viewers, whilst ensuring public service broadcasters (including the Issuer) (**PSBs**) can compete fairly.

This has included extensive interaction with the UK Government, the Office of Communications (**Ofcom**) and Parliament in relation to the Group's PSB licences and renewal process and securing the need for the Media Bill, which passed its third reading in the House of Commons on 30 January 2023 and has subsequently been introduced to the House of Lords for further scrutiny prior to being passed in to law. There is a risk that such regulation may not keep pace with a rapidly changing market resulting in PSBs' ability to effectively compete with other forms of media, primarily the larger streamers and online video, in particular to the digital advertising market, being diminished. The Issuer must ensure the Group remains in compliance with these evolving regulations, whilst maintaining trust with its audiences and stakeholders and delivering its strategy, and fulfilling the requirements of being a PSB. Regulatory responsibility for the monitoring of compliance with these conditions is the primary responsibility of Ofcom, the independent regulator and competition authority for the UK communications industries, which has the power to levy fines or terminate a licence for persistent breaches of licence obligations. For example, in relation to Channel 3 regional licensees that broadcast material in serious breach of Ofcom's code of practice requiring standards of good conduct for broadcasters (the **Broadcasting Code**), there is the potential for fines of up to 5 per cent. of qualifying revenue for each licensee broadcasting an offending programme. As such, failure to adhere to the broadcasting regulations could have a material adverse effect on the Issuer's financial condition and results of operations. Decisions of Ofcom or other regulators may restrict the way in which the Issuer carries on its business, which could have an adverse effect on its financial condition and results of operations.

There can be no absolute assurance that the Issuer's internal verification and oversight procedures will be successful in mitigating future sanctions by Ofcom, nor that the Issuer will be successful in the renewal of the Channel 3 nations, regions and breakfast licences. In addition, the nature and impact of this and future changes in laws, regulations and regulatory policies are not predictable and are beyond the Group's control.

The Group could also be affected by significant changes in regulations or legislation in any of the key territories in which it operates. These factors could have an adverse effect on the Group's advertising revenues, financial condition and results of operations, which could adversely affect the Issuer's ability to fulfil its obligations under the Notes.

Risks associated with ITV Content

Fundamental changes in the content market may result in reduced opportunities, non-renewal of premium programmes, and/or impact the profitability of ITV Studios content.

ITV Studios creates and produces content in the UK, and internationally across 13 countries and has built significant scale in key creative markets around the world. In the financial year ending 31 December 2023, ITV Studios produced 316 hours of high-end scripted content and sold 19 television formats, delivering 51 per cent of the Group's total revenue (£2,170 million). ITV Studios has benefited from high global demand for content, in particular from streaming platforms seeking to grow their subscriber base and advertising reach. However, there is a risk of an increase in vertical integration, in particular that the larger streamers may seek to produce more content in-house, with this and other market changes impacting on the demand and profitability of ITV Studios content. There also continues to be uncertainty as to the impact that the structural decline in linear audiences may have on programming budgets and slots for "free-to-air" broadcasters and streamers, which may lead to cuts in their spending on new content production. All of these factors may lead to an increase in pressure on the Group's pricing, distribution rights deals, and production premium with respect to content, which could negatively impact

its margins and, in turn, have an adverse effect on the Group's revenues, financial condition and results of operations, which could adversely affect the Issuer's ability to fulfil its obligations under the Notes.

Failure to sustain a diversified commissioning and content strategy that is both resilient and financially viable may negatively impact total viewing and profitability.

As a major producer and distributor of programming in both the UK and overseas, the Group is dependent on demand for commissions and programming from broadcasters and streaming platforms in the UK and internationally. In order to ensure that demand, the Group needs to develop a quality and appealing content pipeline that is both resilient to changes in viewer preferences, as well as being financially viable. Viewer preferences continue to change and there is a risk that the Group's content pipeline does not sufficiently anticipate and adapt to these changes negatively impacting demand for that content.

Another key element of the Group's content strategy is the identification and retention of creative talent. Competition for creative talent is increasing due to strong global demand for content from broadcasters and streaming platforms. A key driver of this change over recent years has been the evolution in the delivery and availability of content with a substantial increase in the number of ways to consume content, resulting in an accelerated decline in linear viewing and growth of other digital offerings. There is a risk that the Group could fail to retain creative talent, and to adequately protect the rights to content produced by ITV Studios, which negatively impacts demand for the Group's content.

Rising production costs and increased competition in the market continue to drive the cost of content production up and may reduce margins. In addition, there is a risk of a decline in programme budgets from broadcasters, including the Issuer itself, in particular if there is a downturn in the macroeconomic climate that could adversely affect the revenues and margins the Group is able to obtain for the sale of content and programming. There is also a risk that the Issuer does not leverage the value of being an integrated producer, broadcaster and streamer, which could negatively impact its ability to continue to provide viewers of scale for UK advertisers and to grow its digital revenues.

All of these factors could have an effect on the business of the Group, results of its operations and/or its financial condition, which could adversely impact on the Issuer's ability to fulfil its obligations under the Notes.

ITVX does not grow at the pace required to deliver the desired strategic or financial outcomes.

The Group is pursuing a streaming growth strategy in the highly competitive video streaming market, both in the UK and internationally, and recent mergers in this market have intensified competition further. In order to deliver the Group's strategy, ITVX was launched in Q4 2022.

ITVX is largely funded via advertising revenue it generates and its success is dependent on maximising the number of viewers on the platform and the volume of content that they view. There is a risk that ITVX may not attract sufficient viewers to the platform in an increasingly competitive market, and a challenge in creating a competitive subscription proposition that continues to drive advertising-based video on demand viewing. The Group may fail to maintain strong relationships with platforms and distributors and/or manage the complexity of the infrastructure and technology chains involved in the transition to streaming to the extent necessary to secure prominence and inclusion for the ITVX offering, whilst also maintaining pace with the market and viewer expectations, in order to protect and grow its position in the video streaming market.

If the Group is unable to drive both reach and consumption of ITVX, this would negatively impact the amount of digital advertising revenue that can be generated from ITVX which may harm the future commercial viability of that platform. This may in turn have a material adverse effect on the Group's business, results of operations and financial condition, which could adversely affect the Issuer's ability to fulfil its obligations under the Notes.

An inability to develop and maintain adequate relationships with major platform and distribution providers may result in reduced brand prominence, viewers being unable to find the Group's content and an inability to achieve fair value for its content.

Content is viewed across a wide variety of platforms and devices which requires the Group to work with a range of platform providers to ensure viewers can continue to find its content whenever and wherever they choose to watch. As a PSB, the Group is guaranteed prominence in the UK within the television market. However, this prominence is not guaranteed for on demand viewing or other platforms on which viewers choose or may in the future choose to consume the Group's content, in particular taking into account the increasing prevalence of biased algorithmic or AI personalisation used by platforms which impacts the prominence of content and consequently negatively impacts volume of viewers.

Streaming platforms may use their scale and influence to limit the visibility and prominence of the Group's content and/or the value PSBs are able to monetise from the content they distribute on such platforms. The Group's commercial relationships with the owners of these platforms are increasingly complex and multi-faceted, particularly as these owners are commonly also customers, suppliers and partners in co-creation activities. There is a risk that the Group fails to develop and maintain sufficiently strong partnerships with the major platforms and distribution partners to ensure prominence and inclusion of its content which may result in the Group being unable to negotiate or re-negotiate favourable (or, potentially, acceptable) carriage terms with platforms and distribution partners reducing viewers' ability to access the Group's content. Where these risks arise, they could have a material adverse effect on the Group's ability to monetise its content and consequently its business, results of operations and financial condition, which could adversely affect the Issuer's ability to fulfil its obligations under the Notes.

Economic Risks

A financial crisis or macroeconomic change could impact the value of pension scheme investments and liabilities and increase the deficit.

The Issuer operates a variety of pension schemes, including funded and unfunded defined benefit schemes. There are various risks which could adversely affect the funding of the pension schemes and consequently the Issuer's funding obligations, such as a significant adverse change in the market value of the pension assets of the pension schemes, an increase in pension liabilities, discount rate, longer life expectancy of pension plan members or the pension scheme trustees changing their investment strategy.

As at 31 December 2023, the Issuer's net accounting pension surplus for the combined schemes was £209 million. However, macroeconomic changes could result in a deficit emerging. Any emergence of the deficit of the schemes may result in a need to increase pension contributions, which could subject the Issuer to financial strain and result in a material adverse effect on its financial condition and prospects, and, consequently, on its ability to fulfil its obligations under the Notes.

Operational Risks

A major business continuity incident involving linear or online transmission, or a critical advertising system, may result in service interruption and revenue loss.

The Group broadcasts content across an increasing number of platforms, and its critical business operations rely on complex infrastructure and technology systems in order to broadcast content and effectively generate advertising revenue. In particular, the number of third parties relied upon, the increasing number of platform partners that the Group broadcasts content through, the range of broadcasting operations (i.e., multiple regions, sites and systems) and the continually evolving methods by which content is distributed means that the Group has a complex broadcast technology chain.

The Group may experience disruptions to its business due to a variety of events, including natural disasters, terrorism or cyber-attack. Business continuity and resilience of key IT systems, platforms and sites is a key component of the Group's operational success, as is a focus on maintaining robust and tested disaster recovery and operational business continuity plans. A loss of key sites or services due to a failure in the Group's broadcast system or technology could result in significant operational disruption or a failure to conduct commercial activities for a sustained period of time, which could result in a loss of revenue for the Group, and could result in a material adverse effect on the Group's business, financial results, financial condition and prospects, and consequently, on the Issuer's ability to fulfil its obligations under the Notes.

A sustained cyber incident or an increase in the distribution of unauthorised content could result in financial loss for the Group.

As a leading media organisation in the UK and by virtue of operating in a public environment, the Group is vulnerable to being targeted by cyber-attacks from well organised threat groups. The development of increasingly sophisticated technology, including the proliferation of cyber hacking tools, means that the risk of a cyber-attack has increased globally and is expected to increase as the Group's business develops new revenue streams and direct-to-consumer propositions. Furthermore, the Group uses third-party technology providers who are provided access to the Group's IT systems, which exposes the Group to the risk of vulnerabilities in their products and systems.

Any successful attack on the Group's infrastructure or services could lead to adverse press coverage, reputational damage, and material litigation, and a negative commercial impact due to operational disruption and/or critical system outage.

In addition, the conversion of content into digital formats facilitates the creation, transmission and sharing of high-quality unauthorised TV programmes, meaning that consumers may be able to download and distribute unauthorised content, which could adversely impact the Group's ability to monetise that content and also lead to adverse press coverage, reputational damage, or material litigation for the Group. Reputational damage, material litigation, or an adverse impact on the Group's ability to monetise content, could negatively affect the Issuer's revenue and prospects, which could affect its ability to fulfil its obligations under the Notes.

Failure to successfully deliver key components of the Group's "More Than TV" strategy may negatively impact the Group's business.

The Group's technological infrastructure needs to be fit for purpose to meet the needs of the business. As the landscape with respect to media consumption changes and the Group rebalances its business, grows new revenue streams and becomes increasingly international, the Group must ensure that its technological infrastructure is up to date and relevant. There is a risk that the Group's strategic priorities may not be met in full if the pace of technological change outstrips its capacity to respond and migrate from legacy systems.

A failure to articulate the digital strategy, identify the most important digital projects and effectively manage the implementation of these projects could impact the Group's ability to keep pace with changes in the market. That risk may arise as a result of an inadequate change management function that is unable to overcome the resistance to change inherent in the organisation, a failure to manage the complex interdependencies, or insufficient resources, a lack of required capabilities and/or an overreliance on contractors to deliver the required change, which could result in the transformation programmes failing to deliver their intended value. Failure to deliver the Group's transformation ambitions may adversely impact the Group's efficiency, financial performance, and viewer experience, while also impacting its reputation, which could result in a material adverse effect on the Group's business, results of operations, profitability and financial condition, which could adversely affect the Issuer's ability to fulfil its obligations under the Notes.

A failure to properly assess and manage the risk of third parties which operate material aspects of the Group's business.

The Group relies on a wide range of third parties to operate its business, and maintains robust due diligence and monitoring processes for onboarding and managing such third parties which are designed to ensure they meet the Group's required standards and that the Group has a holistic overview of all third party relationships which are material for the Group's business.

However, there is a risk that the Group fails to ensure that such processes are appropriately implemented and operated by its employees and representatives, and consequently fails to adequately assess, monitor and manage the impacts of third party relationships on the Group's business, which could result in an adverse effect on the Group's business, results of operations, profitability and financial condition which could adversely affect the Issuer's ability to fulfil its obligations under the Notes.

A failure to ensure appropriate access to consistent and trustworthy data, and remaining compliant with regulatory obligations, could adversely affect the Group's business.

The Group is a data driven business, and as such it must ensure it has appropriate access to consistent and trustworthy data. The Group maintains a framework for data governance designed to identify the data it holds, who is responsible for looking after that data, how the data moves around the business, and who is utilising the data, and ensure compliance with applicable data protection laws and regulatory obligations.

There is a risk that the framework is not sufficiently robust or is ineffectively implemented and operated by the Group's employees and representatives, which may result in data exposure (corporate or personal), including by way of a cyber-attack (see also "A sustained cyber incident or an increase in the distribution of unauthorised content could result in financial loss for the Group" above), and/or the Group using data to inform decision making without fully understanding its quality, accuracy, validity, ownership or legality. Such a failure could result in the Group failing to comply with applicable data protection laws or regulations. A material failure of the Group's framework for data governance could have an adverse

effect on the Group's business, results of operations, profitability and financial condition which could adversely affect the Issuer's ability to fulfil its obligations under the Notes.

The Group collects customer data, some of which may be sensitive. Should the Group lose any sensitive customer data, that could result in reputational damage, adverse press coverage and/or regulatory fines from the Information Commissioner's Office of up to 4 per cent. of the Group's annual global turnover or €20 million (whichever is greater). Furthermore, customer confidence could be damaged, and this may affect the Issuer's share of viewing figures, leading to financial loss for the Group, which could adversely affect the Issuer's ability to fulfil its obligations under the Notes.

Risks associated with People, Brand and Culture

An inability to attract, develop, retain and manage key creative, commercial and management talent to deliver its strategy could adversely affect the Group's business.

The Group is reliant on its key creative, commercial and management personnel to continue to drive and grow the business. The market for talent is extremely competitive, especially for those with experience in the Group's key strategic areas, with salary expectations materially increasing in such areas. To attract and retain the right people in the right places for an organisation as complex and diverse as the Group, strategic workforce planning is required. Furthermore, high levels of recruitment, onboarding and terminations need to be managed by the Group, along with the provision of relevant training and development opportunities.

Ineffective workforce planning, training and management could result in the loss of key talent potentially leading to a reduced share of the advertising market or share of viewing, a failure to manage onscreen talent risking the Group being exposed to incidents that harm the Group's reputation and brand, a failure to engage the Group's people to ensure their health and well-being and create a diverse and inclusive workplace negatively impacting the Group's innovation and creativity and/or a failure to anticipate and mitigate technological advancements resulting in a workforce skills gaps.

All of these factors could affect the Group's performance growth ambitions leading to a reduced share of the advertising market or share of viewing, each of which could have a material adverse effect on the Group's revenues, ability to pursue its growth strategy, business, financial results, financial condition and prospects, which could adversely affect the Issuer's ability to fulfil its obligations under the Notes.

A failure to meet legal, regulatory or publicly expected standards could result in severe reputational and brand impact.

The Group operates in a public environment and is exposed to a high degree of media interest. A failure by the Group to remain compliant, and ensure compliance by each of its employees, representatives and service providers, with all applicable legal requirements, including in relation to anti-bribery & corruption, modern slavery, anti-competitive behaviour, competition, trade sanctions and "Speaking Up", or publicly expected standards could attract significant media attention to the Group's business, operations and people, including talent. Furthermore, breaches of corporate compliance could lead to prosecution, fines, litigation or a regulator stepping in, which might impact the Group's ability to operate, if where that may result in the loss of licences that are material to the Group's business.

Such incidents could adversely impact the Group's brand or reputation, negatively impacting its market share, leading to loss of revenue. Any subsequent loss of talent to other broadcasters and or

independent production companies, or any inability to attract new programme content or any withdrawal of public support (as seen through a reduction in the share of viewing figures) could ultimately lead to a loss of revenue, adversely affecting the Group's financial condition and prospects and consequently the Issuer's ability to fulfil its obligations under the Notes.

A failure to extend an adequate duty of care or the occurrence of a major health and safety incident could result in physical and mental harm, loss of human life and reputational damage.

The Group is the largest commercial broadcaster in the UK by share of viewing and a producer of content that is distributed globally. The Group is closely associated with all content that it broadcasts, including content produced by independent production companies. A failure by the Group to appropriately support individuals working with it in the pursuit of editorial content that is relevant and entertaining and/or adequately consider the impact its content could have on society could have an adverse impact on the Group's brand.

In addition, as ITV Studios expands, there is an increase in the number of production hours and increased potential to produce certain types of programming that have higher inherent risks. Any potential loss of human life or major injury (on set or elsewhere) could have an adverse impact on the Group's brand image and reputation. Furthermore, the Issuer could be subject to related litigation. Reputational damage and/or material litigation could ultimately affect the Group's revenue and prospects which could affect the Issuer's ability to fulfil its obligations under the Notes.

Other risks associated with the Issuer's business

The Issuer uses external financing sources. A downgrade of its credit rating may increase its financing costs and harm its ability to finance its operations and investments.

The Issuer's credit ratings are an assessment by the relevant rating agencies of its ability to pay its debts when due, and they affect the cost and availability of its funding from capital markets and other funding sources. If the Issuer fails to maintain its current credit ratings, this could adversely affect its cost of funds and its access to capital and other credit markets, which may ultimately adversely affect the Issuer's ability to make payments under the Notes. In addition, any downgrade of the Issuer's credit ratings (or other adverse ratings action) may adversely affect the market price (if any) of the Notes.

Litigation, regulatory proceedings and similar claims may adversely affect the Group's business and result in significant costs and liabilities.

The Group is currently involved in pending litigations, claims and investigations arising out of the normal conduct of its business. The Issuer does not expect these litigations, claims and investigations, individually and in the aggregate, to have a material impact on the Group's financial position, operating profit or cash flow in addition to the amounts accrued as provision for legal disputes. However, the outcome of such litigations, claims and investigations is inherently uncertain and there can be no guarantee that the Group will be successful in defending these claims.

More generally, it is possible that the Group may be subject to legal and/or regulatory action from time to time. This may or may not arise during the ordinary course of business and could potentially have a significant impact on the Group's business. It is not possible to predict the significance of any proceedings that may be brought against, or any investigations that may be conducted into, the Group nor is it possible to predict the financial impact of a successful claim, fine or penalty to which the Issuer

may become subject. To the extent that any material litigation, claims or proceedings are determined against the Group, these could have a material adverse effect on the business, results of operations and prospects of the Group, which could impact the Issuer's ability to satisfy its obligations under the Notes.

FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE MARKET RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME

Risks related to the structure of a particular issue of Notes

A range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return.

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

If the Notes include a feature to convert the interest basis from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned.

Fixed/Floating Rate Notes are Notes which bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and any conversion of the interest basis, may affect the secondary market in, and the market value of, such Notes as the change of interest basis may result in a lower interest return for Noteholders. Where the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than the prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than the prevailing rates on those Notes and could affect the market value of an investment in the relevant Notes.

Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates.

The market values of securities issued at a substantial discount or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

The regulation and reform of “benchmarks” may adversely affect the value of Notes linked to or referencing such “benchmarks”.

Interest rates and indices which are deemed to be “benchmarks”, (including the euro interbank offered rate (**EURIBOR**), the Sterling Over Night Indexed Average (**SONIA**), the Euro Short-Term Rate (**€STR**) and the Secured Overnight Financing Rate (**SOFR**) are the subject of national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes referencing such a benchmark.

Regulation (EU) 2016/1011 (the **EU Benchmarks Regulation**) applies, subject to certain transitional provisions, to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. Among other things, it (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed). The UK Benchmarks Regulation, among other things, applies to the provision of benchmarks and the use of a benchmark in the UK. Similarly, it prohibits the use in the UK by UK supervised entities of benchmarks of administrators that are not authorised by the FCA or registered on the FCA register (or, if non-UK based, not deemed equivalent or recognised or endorsed).

The EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, could have a material impact on any Notes linked to or referencing a benchmark in particular, if the methodology or other terms of the benchmark are changed in order to comply with the requirements of the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant benchmark.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements.

The euro risk-free rate working group for the euro area has published a set of guiding principles and high level recommendations for fallback provisions in, amongst other things, new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, amongst other things, that continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the risk to the euro area financial system. On 11 May 2021, the euro risk-free rate working group published its recommendations on EURIBOR fallback trigger events and fallback rates. On 4 December 2023, the group issued its final statement, announcing completion of its mandate.

Such factors may have (without limitation) the following effects on certain benchmarks: (i) discouraging market participants from continuing to administer or contribute to a benchmark; (ii) triggering changes in the rules or methodologies used in the benchmark and/or (iii) leading to the disappearance of the benchmark. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to, referencing, or otherwise dependent (in whole or in part) upon, a benchmark.

The *Terms and Conditions of the Notes* provide for certain fallback arrangements in the event that a Benchmark Event (as defined in the *Terms and Conditions of the Notes*) or a Benchmark Transition Event (as defined in the *Terms and Conditions of the Notes*) occurs in respect of the Original Reference Rate or the then-current Benchmark (each as defined in the *Terms and Conditions of the Notes*), as applicable, and/or any page on which such benchmark may be published (or any other successor service) becomes unavailable. Such fallback arrangements include the possibility that the Rate of Interest could be set by reference to a Successor Rate, an Alternative Rate or a Benchmark Replacement (as applicable) (each as defined in the *Terms and Conditions of the Notes*), with the application of an Adjustment Spread or a Benchmark Replacement Adjustment (as applicable) (each as defined in the *Terms and Conditions of the Notes*) (which could be positive, negative or zero), and may include amendments to the *Terms and Conditions of the Notes* to ensure the proper operation of the new benchmark, all as more fully described at Condition 5.2(C) and 5.2(B)(iii)(c), as applicable.

It is possible that the adoption of a Successor Rate, an Alternative Rate or a Benchmark Replacement, as applicable, including any Adjustment Spread or Benchmark Replacement Spread, as applicable, may result in any Notes linked to or referencing an Original Reference Rate or a Benchmark, as applicable, performing differently (which may include payment of a lower Rate of Interest) than they would if the Original Reference Rate or Benchmark, as applicable, were to continue to apply in its current form. There is also a risk that the relevant fallback provisions may not operate as expected or intended at the relevant time.

Furthermore, in certain circumstances, the ultimate fallback for the purposes of calculation of the Rate of Interest for a particular Interest Period may result in the Rate of Interest for the last preceding Interest Period being used. This may result in the effective application of a fixed rate for Floating Rate Notes.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, or any of the international or national reforms and the possible application of the benchmark replacement provisions of Notes in making any investment decision with respect to any Notes referencing a benchmark.

The market continues to develop in relation to risk-free rates (including overnight rates) as reference rates.

Investors should be aware that the market continues to develop in relation to SONIA, SOFR and €STR as reference rates continue to develop. This relates not only to the substance of the calculation and the development and adoption of market infrastructure for the issuance and trading of Notes referencing such rates, but also how widely such rates and methodologies might be adopted.

The market or a significant part thereof may adopt an application of risk-free rates that differs significantly from that set out in the *Terms and Conditions of the Notes* and used in relation to Notes that reference risk-free rates issued under the Programme. The Issuer may in the future also issue Notes referencing SONIA, SOFR and €STR that differ materially in terms of interest determination when compared with any previous Notes issued by it under the Programme. The development of risk-free rates for the Eurobond markets could result in reduced liquidity or increased volatility, or could otherwise affect the market price of any Notes that reference a risk-free rate issued under the Programme from time to time.

In addition, the manner of adoption or application of risk-free rates in the Eurobond markets may differ materially compared with the application and adoption of risk-free rates in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of such reference rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing such risk-free rates.

In particular, investors should be aware that several different methodologies have been used in risk-free rate notes issued to date. No assurance can be given that any particular methodology, including the compounding formula in the *Terms and Conditions of the Notes*, will gain widespread market acceptance.

In addition, market participants and relevant working groups are still exploring alternative reference rates based on risk-free rates, including various ways to produce term versions of certain risk-free rates (which seek to measure the market's forward expectation of an average of these reference rates over a designated term, as they are overnight rates) or different measures of such risk-free rates. If the relevant risk-free rates do not prove to be widely used in securities like the Notes, the trading price of such Notes linked to such risk-free rates may be lower than those of Notes referencing indices that are more widely used.

Investors should consider these matters when making their investment decision with respect to any Notes which reference SONIA, SOFR and €STR or any related indices.

Risk-free rates may differ from EURIBOR and other inter-bank offered rates in a number of material respects and have a limited history.

Risk-free rates may differ from EURIBOR and other inter-bank offered rates in a number of material respects. These include (without limitation) being backwards-looking, in most cases, calculated on a compounded or weighted average basis, risk-free, overnight rates and, in the case of SOFR, secured, whereas such inter-bank offered rates are generally expressed on the basis of a forward-looking term, are unsecured and include a risk-element based on inter-bank lending. As such, investors should be aware that risk-free rates may behave materially differently to inter-bank offered rates as interest reference rates for the Notes. Furthermore, SOFR is a secured rate that represents overnight secured funding transactions, and therefore will perform differently over time to an unsecured rate. For example, since publication of SOFR began on 3 April 2018, daily changes in SOFR have, on occasion, been more volatile than daily changes in comparable benchmarks or other market rates.

Risk-free rates offered as alternatives to interbank offered rates also have a limited history. For that reason, future performance of such rates may be more difficult to predict based on their limited historical performance. The level of such rates during the term of the Notes may bear little or no relation to historical levels. Prior observed patterns, if any, in the behaviour of market variables and their relation to such rates such as correlations, may change in the future. Investors should not rely on historical performance data as an indicator of the future performance of such risk-free rates nor should they rely on any hypothetical data.

Furthermore, interest on Notes which reference a backwards-looking risk-free rate is only capable of being determined immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference such risk-free rates reliably to estimate the amount of interest which

will be payable on such Notes, and some investors may be unable or unwilling to trade such Notes without changes to their IT systems, both of which could adversely impact the liquidity of such Notes.

The administrator of SONIA, SOFR, €STR or any related indices or other reference rates may make changes that could change the value of SONIA, SOFR, €STR or any related index or other reference rates, or discontinue SONIA, SOFR, €STR or any related index or other reference rates.

The Bank of England, the Federal Reserve Bank of New York or the European Central Bank (or their successors) as administrators of SONIA, SOFR and €STR, respectively, or the administrator of any other reference rate, may make methodological or other changes that could change the value of these rates, including changes related to the method by which such rate is calculated, eligibility criteria applicable to the transactions used to calculate such rate, or timing related to the publication of such rate. In addition, the administrator may alter, discontinue or suspend calculation or dissemination of any such rate (in which case a fallback method of determining the interest rate on the Notes will apply). The administrator has no obligation to consider the interests of Noteholders when calculating, adjusting, converting, revising or discontinuing any such rate.

Risks related to Notes generally

Set out below is a description of material risks relating to the Notes generally:

The Terms and Conditions of the Notes contain provisions which may permit their modification without the consent of all investors and confer significant discretions on the Trustee which may be exercised without the consent of the Noteholders and without regard to the individual interests of particular Noteholders.

The *Terms and Conditions of the Notes* contain provisions for calling meetings (including by way of conference call or by use of a videoconference platform) of Noteholders to consider and vote upon matters affecting their interests generally, or to pass resolutions in writing or through the use of electronic consents. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting or, as the case may be, did not sign the written resolution or give their consent electronically, and including those Noteholders who voted in a manner contrary to the majority.

The *Terms and Conditions of the Notes* also provide that the Trustee may, without the consent of Noteholders and without regard to the interests of particular Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes or (ii) determine without the consent of the Noteholders that any Event of Default or potential Event of Default shall not be treated as such or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer in the circumstances described in Condition 16.

A Restructuring Plan implemented pursuant to Part 26A of the Companies Act 2006 may modify or disapply certain terms of the Notes without the consent of the Noteholders.

Where the Issuer encounters, or is likely to encounter, financial difficulties that are affecting, or will or may affect, its ability to carry on business as a going concern, it may propose a Restructuring Plan (a **Plan**) with its creditors under Part 26A of the Companies Act 2006 (introduced by the Corporate Insolvency and Governance Act 2020) to eliminate, reduce, prevent or mitigate the effect of any of those financial difficulties. Should this happen, creditors whose rights are affected are organised into creditor

classes and can vote on any such Plan (subject to being excluded from the vote by the English courts for having no genuine economic interest in the Issuer and certain exclusions where the Plan is proposed within the 12 week period following the end of a moratorium). Providing that one class of creditors (who would receive a payment, or have a genuine economic interest in the Issuer) has approved the Plan, and in the view of the English courts any dissenting class(es) who did not approve the Plan are no worse off under the Plan than they would be in the event of the “relevant alternative” (such as, broadly, liquidation or administration), then the English court can sanction the Plan where it would be a proper exercise of its discretion. A sanctioned Plan is binding on all creditors and members, regardless of whether they approved it. Any such sanctioned Plan in relation to the Issuer may, therefore, adversely affect the rights of Noteholders and the price or value of their investment in the Notes, as it may have the effect of modifying or disapplying certain terms of the Notes (by, for example, writing down the principal amount of the Notes, modifying the interest payable on the Notes, the maturity date or dates on which any payments are due or substituting the Issuer).

The value of the Notes could be adversely affected by a change in English law or administrative practice.

The *Terms and Conditions of the Notes* are based on English law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Prospectus and any such change could materially adversely impact the value of any Notes affected by it.

Investors who hold less than the minimum Specified Denomination may be unable to sell their Notes and may be adversely affected if definitive Notes are subsequently required to be issued.

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in their account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in their account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed or issued) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Holder of Notes held through Euroclear and Clearstream, Luxembourg must rely on procedures of those clearing systems to effect transfers of Notes, receive payments in respect of Notes and vote at meetings of Noteholders.

Notes issued under the Programme will be represented on issue by one or more Global Notes that may be deposited with a Common Depositary or Common Safekeeper for Euroclear and Clearstream, Luxembourg (each as defined under “*Form of the Notes*”). Except in the circumstances described in

each Global Note, investors will not be entitled to receive Notes in definitive form. Each of Euroclear and Clearstream, Luxembourg and their respective direct and indirect participants will maintain records of the beneficial interests in each Global Note held through it. While the Notes are represented by a Global Note, investors will be able to trade their beneficial interests only through the relevant clearing systems and their respective participants.

While the Notes are represented by Global Notes, the Issuer will discharge its payment obligation under the Notes by making payments through the relevant clearing systems. A holder of a beneficial interest in a Global Note must rely on the procedures of the relevant clearing system and its participants to receive payments under the Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in any Global Note.

Holders of beneficial interests in a Global Note will not have a direct right to vote in respect of the Notes so represented. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant clearing system and its participants to appoint appropriate proxies.

Risks related to the market generally

Set out below is a description of material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell their Notes.

Notes may have no established trading market when issued, and one may never develop. If a market for the Notes does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market.

If an investor holds Notes which are not denominated in the investor's home currency, they will be exposed to movements in exchange rates adversely affecting the value of their holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes.

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates.

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Credit ratings assigned to the Issuer or any Notes may not reflect all the risks associated with an investment in those Notes.

One or more independent credit rating agencies may assign credit ratings to the Issuer, the Programme or the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes in the EEA, unless such ratings are issued by a credit rating agency established in the EEA and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by third country non-EEA credit rating agencies, unless the relevant credit ratings are endorsed by an EEA-registered credit rating agency or the relevant third country rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by the European Securities and Markets Authority (**ESMA**) on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, UK regulated investors are required to use for UK regulatory purposes ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation. In the case of ratings issued by third country non-UK credit rating agencies, third country credit ratings can either be: (a) endorsed by a UK registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. Note this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances.

If the status of the rating agency rating the Notes changes for the purposes of the CRA Regulation or the UK CRA Regulation, relevant regulated investors may no longer be able to use the rating for regulatory purposes in the EEA or the UK, as applicable, and the Notes may have a different regulatory treatment, which may impact the value of the Notes and their liquidity in the secondary market. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Prospectus.

Any non-incorporated parts of a document referred to herein (which, for the avoidance of doubt, means any parts not listed in the cross-reference list above) are either deemed not relevant for an investor or are otherwise covered elsewhere in this Prospectus.

The Issuer will, in the event of any significant new factor, material mistake or material inaccuracy relating to information included in this Prospectus which is capable of affecting the assessment of any Notes, prepare a supplement to this Prospectus or publish a new Prospectus for use in connection with any subsequent issue of Notes.

FORM OF THE NOTES

Any reference in this section to “applicable Final Terms” shall be deemed to include a reference to “applicable Pricing Supplement” where relevant.

The Notes of each Series will be in either bearer form, with or without interest coupons attached, or registered form, without interest coupons attached. Bearer Notes and Registered Notes will be issued outside the United States in reliance on Regulation S under the Securities Act (**Regulation S**).

Bearer Notes

Each Tranche of Bearer Notes will be in bearer form and will initially be issued in the form of a temporary global note (a **Temporary Bearer Global Note**) or, if so specified in the applicable Final Terms, a permanent global note (a **Permanent Bearer Global Note** and, together with a Temporary Bearer Global Note, each a **Bearer Global Note**) which, in either case, will:

- (a) if the Bearer Global Notes are intended to be issued in new global note (**NGN**) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**); and
- (b) if the Bearer Global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depository (the **Common Depository**) for Euroclear and Clearstream, Luxembourg.

Where the Bearer Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether such Bearer Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Bearer Global Notes are to be so held does not necessarily mean that the Bearer Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg.

Whilst any Bearer Note is represented by a Temporary Bearer Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Bearer Global Note if the Temporary Bearer Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in the Temporary Bearer Global Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date (the **Exchange Date**) which is 40 days after a Temporary Bearer Global Note is issued, interests in such Temporary Bearer Global Note will be exchangeable (free of charge) upon a request as described therein for interests in a Permanent Bearer Global Note of the same Series against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Bearer Global Note will not be entitled to collect any payment of

interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Note for an interest in a Permanent Bearer Global Note is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Bearer Global Note if the Permanent Bearer Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Bearer Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Bearer Notes with, where applicable, interest coupons and talons attached upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) an Event of Default (as defined in Condition 10) has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no alternative clearing system satisfactory to the Trustee is available or (iii) the Issuer would suffer a disadvantage as a result of a change in laws or regulations (taxation or otherwise) or as a result of a change in the practice of Euroclear and/or Clearstream, Luxembourg which would not be suffered were the Notes represented by the Permanent Bearer Global Note in definitive form and a certificate to such effect signed by any Director, the CEO, the CFO, or the Director of Finance - Group of the Issuer is given to the Trustee. The Issuer will promptly give notice to Noteholders in accordance with Condition 14 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) or the Trustee may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

The following legend will appear on all Bearer Notes (other than Temporary Bearer Global Notes) and interest coupons relating to such Notes where TEFRA D is specified in the applicable Final Terms:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of Bearer Notes or interest coupons.

Notes which are represented by a Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Registered Notes

The Registered Notes of each Tranche will initially be represented by a global note in registered form (a Registered Global Note and, together with the Bearer Global Notes, the **Global Notes** and each a **Global Note**).

Registered Global Notes will be deposited with a Common Depositary or, if the Registered Global Notes are to be held under the new safe-keeping structure (the **NSS**), a Common Safekeeper, as the case may be for Euroclear and Clearstream, Luxembourg, and registered in the name of the nominee for the Common Depositary of, Euroclear and Clearstream, Luxembourg or in the name of a nominee of the Common Safekeeper, as specified in the applicable Final Terms. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Notes in fully registered form.

Where the Registered Global Note issued in respect of any Tranche is intended to be held under the NSS, the applicable Final Terms will indicate whether or not such Registered Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Registered Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any time during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The common safekeeper for a Registered Global Note held under the NSS will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg.

Payments of principal, interest and any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in Condition 6.4) as the registered holder of the Registered Global Notes. None of the Issuer, any Paying Agent, the Trustee or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 6.4) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Registered Notes without interest coupons or talons attached only upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) an Event of Default has occurred and is continuing, (ii) in the case of Notes registered in the name of a nominee for a Common Depositary or a Common Safekeeper for Euroclear and Clearstream, Luxembourg, the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no alternative clearing system satisfactory to the Trustee is available or (iii) the Issuer would suffer a disadvantage as a result of a change in laws or regulations (taxation or otherwise) or as a result of a change in the practice of Euroclear and/or Clearstream, Luxembourg which would not be suffered were the Notes represented by the Registered Global Note in definitive form and a certificate to that effect signed by any Director, the CEO, the CFO, or the Director of Finance - Group of the Issuer is given to the Trustee. The Issuer will promptly give notice to Noteholders in accordance with Condition 10 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg or any person acting on their behalf (acting on the instructions of any holder of an interest in such Registered Global Note) or the Trustee may give notice to the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (ii) above, the

Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

No beneficial owner of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the applicable procedures of Euroclear and Clearstream, Luxembourg, in each case to the extent applicable.

General

Pursuant to the Agency Agreement (as defined under "*Terms and Conditions of the Notes*"), the Principal Paying Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms and as may be approved by the Issuer, the Principal Paying Agent, the Trustee and, if applicable, the Registrar.

No Noteholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Trustee, having become bound so to proceed, (i) fails so to do within 60 days, or (ii) is unable for any reason so to do, and the failure or inability shall be continuing.

The Issuer may agree with any Dealer and the Trustee that Notes may be issued in a form not contemplated by the *Terms and Conditions of the Notes*, in which event, other than where such Notes are Exempt Notes, a new Prospectus or a supplement to this Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

In the case of the transfer of part only of a Registered Note in definitive form, a new Registered Note in definitive form in respect of the balance of the

Registered Note not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor.

2.3 Registration of transfer upon partial redemption

In the event of a partial redemption of Notes under Condition 7, the Issuer shall not be required to register the transfer of any Registered Note, or part of a Registered Note, called for partial redemption.

4. NEGATIVE PLEDGE

4.1 Negative Pledge

So long as any of the Notes remains outstanding (as defined in the Trust Deed), the Issuer will not create or permit to subsist any mortgage, charge, lien (other than a lien arising by operation of law) or other encumbrance upon the whole or any part of its undertaking or assets, present or future, to secure payment of any present or future Relevant Indebtedness of the Issuer or of any other person or to secure any guarantee or indemnity in respect of any Relevant Indebtedness of the Issuer or of any other person, without at the same time according to the Notes and any Coupons and all amounts payable under the Trust Deed in respect of the Notes and any Coupons, to the satisfaction of the Trustee, the same security as is created, or subsisting to secure any such Relevant Indebtedness, guarantee or indemnity, or such other security or other arrangement as the Trustee shall in its absolute discretion deem not materially less beneficial to the Noteholders or as shall be approved by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders.

4.2 Interpretation

For the purposes of the Conditions:

Relevant Indebtedness means any Indebtedness for Borrowed Money which is in the form of, or represented or evidenced by, bonds, notes, loan stock or other securities which, with the

5. INTEREST

5.1 Interest on Fixed Rate Notes

This Condition 5.1 applies to Fixed Rate Notes only, including, subject to the provisions of Condition 5.3, Fixed Rate Notes in respect of which “Step Up / Step Down Rating Change” is specified in the applicable Final Terms as being “Applicable”. The applicable Final Terms contain provisions applicable to the determination of fixed rate interest and must be read in conjunction with this Condition 5.1 for full information on the manner in which interest is calculated on Fixed Rate Notes. In particular, the applicable Final Terms will specify the Interest Commencement Date, the Rate(s) of Interest, the Interest Payment Date(s), the Maturity Date, the Fixed Coupon Amount, any applicable Broken Amount, the Calculation Amount, the Day Count Fraction and any applicable Determination Date.

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are Bearer Notes in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in the Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Bearer Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are (i) represented by a Global Note or (ii) Registered Notes in definitive form, the aggregate outstanding principal amount of (A) the Fixed Rate Notes represented by such Global Note or (B) such Registered Notes; or
- (B) in the case of Fixed Rate Notes which are Bearer Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction.

The resultant figure shall be rounded to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Fixed Rate Note which is a Bearer Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest, in accordance with this Condition 5.1:

- (A) if “Actual/Actual (ICMA)” is specified in the applicable Final Terms:
- (i) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (ii) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (a) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (b) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (B) if “30/360” is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

In the Conditions:

Determination Period means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement

Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

5.2 Interest on Floating Rate Notes

(A) Interest Payment Dates

This Condition 5.2 applies to Floating Rate Notes only, including, subject to the provisions of Condition 5.3, Floating Rate Notes in respect of which “*Step Up / Step Down Rating Change*” is specified in the applicable Final Terms as being “Applicable”. The applicable Final Terms contains provisions applicable to the determination of floating rate interest and must be read in conjunction with this Condition 5.2 for full information on the manner in which interest is calculated on Floating Rate Notes. In particular, the applicable Final Terms will identify any Specified Interest Payment Dates, any Specified Period, the Interest Commencement Date, the Business Day Convention, any Additional Business Centres, the party who will calculate the amount of interest due if it is not the Principal Paying Agent, the Margin, any maximum or minimum interest rates and the Day Count Fraction. The applicable Final Terms will also specify the applicable Reference Rate, Interest Determination Date(s) and, if applicable, Relevant Screen Page.

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (i) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In the Conditions, **Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date, or the relevant payment date if the Notes become due and payable on a date other than an Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (a) in any case where Specified Periods are specified in accordance with Condition 5.2(A)(ii) above, the Floating Rate Convention, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply mutatis mutandis or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls in the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (b) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (c) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (d) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In the Conditions, **Business Day** means:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in each Additional Business Centre (other than T2) specified in the applicable Final Terms;
- (b) if T2 is specified as an Additional Business Centre in the applicable Final Terms, a day on which the Trans-European Automated Real-time Gross Settlement Express Transfer System or any successor or replacement for that system (T2) is open; and
- (c) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which T2 is open.

(B) **Rate of Interest**

(i) **Screen Rate Determination for Floating Rate Notes - Term Rate**

This Condition 5.2(B)(i) applies where “*Term Rate*” is specified in the applicable Final Terms to be “Applicable”.

The Rate of Interest for each Interest Period will, subject to Condition 5.2(c) and as provided below, be either:

- (a) the offered quotation; or
- (b) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being EURIBOR) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at 11.00 a.m. (Brussels time) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent or the Calculation Agent, as applicable. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent or the Calculation Agent, as applicable, for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

Subject to Condition 5.2(C), if the Relevant Screen Page is not available or if, in the case of 5.2(B)(i)(a) above, no offered quotation appears or, in the case of subclause 5.2(B)(i)(b) above, fewer than three offered quotations appear, in each case as at 11.00 a.m. (Brussels time), the Principal Paying Agent or the Calculation Agent, as applicable, shall request each of the Reference Banks to provide the Principal Paying Agent or the Calculation Agent, as applicable, with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate (being EURIBOR) at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Principal Paying Agent or the Calculation Agent, as applicable, with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent or the Calculation Agent, as applicable.

If on any Interest Determination Date one only or none of the Reference Banks provides the Principal Paying Agent or the Calculation Agent, as applicable, with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which is the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to the Principal Paying Agent or Calculation Agent, as applicable, by the Reference Banks or any two or more of them, at which such banks were offered, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Euro-zone inter-bank market plus or minus (as indicated in the applicable Final Terms) the Margin (if any) or, if fewer than two of the Reference Banks provide the Principal Paying Agent or the Calculation Agent, as applicable, with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Principal Paying Agent or the Calculation Agent, as applicable, it is quoting to leading banks in the Euro-zone inter-bank market plus or minus (as indicated in the applicable Final Terms) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period).

In the Conditions, **Reference Banks** means the principal Eurozone office of each of the four major banks engaged in the Eurozone interbank market, in each case selected by the Issuer (or by an agent of the Issuer) and notified to the Principal Paying Agent or the Calculation Agent, as applicable, provided that, once a Reference Bank has been selected by the Issuer, that Reference Bank shall not be changed unless and until, in the Issuer's reasonable opinion, it ceases to be capable of acting as such.

Benchmark Replacement means the first alternative set forth in the order below that can be determined by the Issuer as of the Benchmark Replacement Date:

Benchmark Replacement Date means the earliest to occur of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

- (1) in the case of clause (1) or (2) of the definition of “Benchmark Transition Event” the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the Benchmark permanently or indefinitely ceases to provide the Benchmark (or such component); or

- (1) confirming (x) that a Benchmark Transition Event has occurred, (y) the relevant Benchmark Replacement and, (z) where applicable, any Benchmark Replacement Adjustment and/or the specific terms of any relevant Benchmark Replacement Conforming Changes, in each case as determined in accordance with the provisions of this Condition 5.2(B)(iii)(c); and
- (2) certifying that the relevant Benchmark Replacement Conforming Changes are appropriate to ensure the proper operation of such Benchmark Replacement and/or Benchmark Replacement Adjustment.

The Trustee and the relevant Agents (as applicable) shall be entitled to rely on such certificate (without liability to any person and without any obligation to verify or investigate the accuracy thereof) as sufficient evidence thereof.

If, in the case of any Benchmark Transition Event, Benchmark Replacement, Benchmark Replacement Adjustment and/or Benchmark Replacement Conforming Changes which are notified to the Principal Paying Agent or the Calculation Agent, as applicable,

pursuant to this Condition 5.2(B)(iii)(c), the Principal Paying Agent or the Calculation Agent, as applicable, is in any way uncertain as to the application of such Benchmark Replacement, Benchmark Replacement Adjustment and/or Benchmark Replacement Conforming Changes in the calculation or determination of the Rate of Interest for future Interest Periods, it shall promptly notify the Issuer thereof and the Issuer shall direct the Principal Paying Agent or the Calculation Agent, as applicable, in writing as to which course of action to adopt in the application of such Benchmark Replacement, Benchmark Replacement Adjustment and/or Benchmark Replacement Conforming Changes in the determination of such Rate of Interest and the Principal Paying Agent or the Calculation Agent, as applicable, may rely on such direction (without enquiry or liability). Notes for all future Interest Periods (subject to the subsequent operation of this Condition 5.2(C)). In making such determination, the Issuer shall act in good faith. In the absence of bad faith or fraud, the Issuer shall have no liability whatsoever to the Trustee, the Paying Agents, the Noteholders or the Couponholders for any determination made by it, pursuant to this Condition 5.2(C).

If (i) the Issuer is unable to appoint an Independent Adviser, (ii) the Issuer fails to determine a Successor Rate or, failing which, an Alternative Rate, in each case together with an Adjustment Spread, in accordance with this Condition 5.2(C)(i) or Condition 5.2(C)(ii) prior to the relevant Interest Determination Date or (iii) the Issuer determines that there is neither a Successor Rate nor an Alternative Rate, in each case the Rate of Interest applicable to the next succeeding Interest Period shall be determined in accordance with Condition 5.2(B) (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period). For the avoidance of doubt, this paragraph shall apply to the relevant next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in, the first paragraph of this Condition 5.2(C)(i).

(ii) Successor Rate or Alternative Rate

If the Issuer, following consultation with the Independent Adviser, determines that:

- (a) there is a Successor Rate, then such Successor Rate and the applicable Adjustment Spread shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the subsequent operation of this Condition 5.2(C)); or
- (b) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate and the applicable Adjustment Spread shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the subsequent operation of this Condition 5.2(C)).

(iii) Adjustment Spread

The applicable Adjustment Spread (or the formula or methodology for determining the Adjustment Spread) shall be applied to the Successor Rate or the Alternative Rate (as the case may be).

(iv) Benchmark Amendments

If any Successor Rate or Alternative Rate and, in either case, the applicable Adjustment Spread is determined in accordance with this Condition 5.2(C) and the Issuer, following consultation with the Independent Adviser, determines (i) that amendments to the Conditions, the Agency Agreement and/or the Trust Deed are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and/or (in either case) the applicable Adjustment Spread or to follow established market practice in respect of such Successor Rate, Alternative Rate and/or Adjustment Spread (any such amendments, the **Benchmark Amendments**) and (ii) the terms of the Benchmark Amendments, then the Issuer shall use all reasonable endeavours, subject to giving notice thereof in accordance with Condition 5.2(C)(v), without any requirement for the consent or approval of Noteholders or Couponholders, to vary the Conditions, the Agency Agreement and/or the Trust Deed to give effect to such Benchmark Amendments with effect from the date specified in such notice.

Notwithstanding the above, neither the Trustee nor a relevant Agent (as applicable) shall be obliged to agree to any amendments which, in the sole opinion of the Trustee or the relevant Agent (as applicable), would have the effect of imposing more onerous obligations upon it or exposing it to any additional duties, responsibilities or liabilities against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or reducing or amending the rights and/or the protective provisions afforded to the Trustee or the relevant Agent in the Conditions, the Trust Deed or the Agency Agreement (including, for the avoidance of doubt, any supplemental trust deed or supplemental agency agreement) in any way.

In connection with any such variation in accordance with this Condition 5.2(C)(iv), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(v) Notices, etc.

Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

- (a) confirming (a) that a Benchmark Event has occurred, (b) the Successor Rate or, as the case may be, the Alternative Rate, (c) the applicable Adjustment Spread and (d) the specific terms of the Benchmark Amendments (if any), in each case as determined in accordance with the provisions of this Condition 5.2(C); and
- (b) certifying that the Benchmark Amendments (if any) are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and (in either case) the applicable Adjustment Spread or to follow established market practice in respect of such Successor Rate, Alternative Rate and/or Adjustment Spread.

The Trustee and the relevant Agents shall be entitled to rely on such certificate (without liability to any person and without any obligation to verify or investigate the accuracy thereof) as sufficient evidence thereof. The Successor Rate or Alternative Rate and the Adjustment Spread and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread and the Benchmark Amendments (if any)) be binding on the Issuer, the Trustee, the Agents, the Noteholders and the Couponholders.

- (vi) Principal Paying Agent and/or Calculation Agent Instruction Request

Notwithstanding any other provision of this Condition 5.2(C), if following the determination of any Successor Rate, Alternative Rate, Adjustment Spread or any specific terms of any Benchmark Amendments, in the Principal Paying Agent's or the Calculation Agent's (as applicable) opinion, there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 5.2(C), the Principal Paying Agent or the Calculation Agent, as applicable, shall promptly notify the Issuer thereof and the Issuer shall direct the Principal Paying Agent or the Calculation Agent, as applicable, in writing as to which alternative course of action to adopt and the Principal Paying Agent or the Calculation Agent, as applicable, may rely on such direction (without enquiry or liability). If the Principal Paying Agent or the Calculation Agent, as applicable, is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer thereof and the Principal Paying Agent or the Calculation Agent, as applicable, shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.

Independent Adviser means an independent financial institution of international repute or an independent financial adviser with appropriate expertise appointed by the Issuer at its own expense under Condition 5.2(C)(i), provided that the Issuer shall not appoint the Principal Paying Agent (in its capacity as such) for this purpose;

Original Reference Rate means the originally-specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) on the Notes or any Successor Rate or Alternative Rate (or component part thereof) determined pursuant to this Condition 5.2(C);

Relevant Nominating Body means, in respect of a benchmark or screen rate (as applicable):

- (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or

(D) **Minimum Rate of Interest and/or Maximum Rate of Interest**

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (B) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (B) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(E) **Determination of Rate of Interest and calculation of Interest Amounts**

The Principal Paying Agent or the Calculation Agent, as applicable, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Principal Paying Agent or the Calculation Agent, as applicable, will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (i) in the case of Floating Rate Notes which are (i) represented by a Global Note or (ii) Registered Notes in definitive form, the aggregate outstanding principal amount of (A) the Notes represented by such Global Note or (B) such Registered Notes; or
- (ii) in the case of Floating Rate Notes which are Bearer Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Floating Rate Note which is a Bearer Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner

provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 5.2:

- (i) if “Actual/Actual (ISDA)” or “Actual/Actual” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (I) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (II) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if “Actual/365 (Fixed)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if “Actual/365 (Sterling)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if “Actual/360” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{\lfloor 360 \times (Y_2 - Y_1) \rfloor + \lfloor 30 \times (M_2 - M_1) \rfloor + (D_2 - D_1)}{360}$$

where:

Y₁ is the year, expressed as a number, in which the first day of the Interest Period falls;

Y₂ is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

M₁ is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

M₂ is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

D₁ is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

D₂ is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (vi) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y₁ is the year, expressed as a number, in which the first day of the Interest Period falls;

Y₂ is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

M₁ is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

M₂ is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

D₁ is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30; and

D₂ is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D2 will be 30;

- (vii) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y₁ is the year, expressed as a number, in which the first day of the Interest Period falls;

Y₂ is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

M₁ is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

M₂ is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

D₁ is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

D₂ is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

(F) **Linear Interpolation**

Where “*Linear Interpolation*” is specified as “Applicable” in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Principal Paying Agent or the Calculation Agent, as applicable, by straight line linear interpolation by reference to two rates based on the relevant Reference Rate, one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Principal Paying Agent or the Calculation Agent, as applicable, shall determine such rate at such time and by reference to such sources as it determines appropriate.

Designated Maturity means the period of time designated in the Reference Rate.

(G) **Notification of Rate of Interest and Interest Amounts**

Except where the applicable Final Terms specifies “*Overnight Rate*” to be “Applicable”, the Principal Paying Agent or the Calculation Agent, as applicable, will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and the Trustee and the Issuer shall (if the relevant Notes are to be listed on a stock exchange and the rules of such stock exchange so require) notify any stock exchange on which the relevant Floating Rate Notes are for the time being listed and cause notice thereof to be published in accordance with Condition 14 as soon as possible after the Principal Paying Agent’s or the Calculation Agent’s, as applicable, determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will promptly be notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 14.

Where the applicable Final Terms specifies “*Overnight Rate*” to be “Applicable”, the Principal Paying Agent or the Calculation Agent, as applicable, will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and the Trustee and the Issuer shall (if the relevant Notes are to be listed on a stock exchange and the rules of such stock exchange so require) notify any stock exchange on which the relevant Floating Rate Notes are for the time being listed and cause notice thereof to be published in accordance with Condition 14 as soon as possible after the Principal Paying Agent’s or the Calculation Agent’s, as applicable, determination but in no event later than the second London Business Day thereafter. Each Rate of Interest, Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the relevant Interest Period. Any such amendment or alternative arrangements will promptly be notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 14.

For the purposes of this Condition 5.2(G), the expression **London Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(H) **Certificates to be final**

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5.2 by the Principal Paying Agent or the Calculation Agent, as applicable, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Trustee, the Principal Paying Agent, the other Agents and all Noteholders and Couponholders and (in the absence of wilful default or bad faith) no liability to the Trustee, the Issuer, the Noteholders or the Couponholders shall attach to the Principal Paying Agent or the Calculation Agent, as applicable, in connection with the exercise or non exercise by it of its powers, duties and discretions pursuant to such provisions.

5.3 **Step Up / Step Down Rating Change**

This Condition 5.3 applies to Fixed Rate Notes and Floating Rate Notes in respect of which “*Step Up / Step Down Rating Change*” is specified in the applicable Final Terms as being “Applicable”.

(A) **Fixed Rate Notes**

Subject as provided in this Condition 5.3, the Rate of Interest for Fixed Rate Notes to which this Condition applies will be the Rate of Interest specified in the applicable Final Terms (the **Initial Rate of Interest**).

For any Fixed Interest Period commencing on or after the first Interest Payment Date falling on or immediately following the date of a Step Up Rating Change (or a deemed Step Up Rating Change, as set out below), the Initial Rate of Interest will increase by the Step Up Margin specified in the applicable Final Terms.

In the event that a Step Down Rating Change (or a deemed Step Down Rating Change, as set out below) occurs after the date of a Step Up Rating Change (or a deemed Step Up Rating Change, as set out below) or on the same date but subsequent thereto, then for any Fixed Interest Period commencing on or after the first Interest Payment Date falling on or immediately following the date of such Step Down Rating Change (or deemed Step Down Rating Change), the Rate of Interest will decrease back to the Initial Rate of Interest.

(B) **Floating Rate Notes**

Subject as provided in this Condition 5.3, the Margin for Floating Rate Notes to which this Condition applies will be the Margin specified in the applicable Final Terms (the **Initial Margin**).

For any Interest Period commencing on or after the first Interest Payment Date falling on or immediately following the date of a Step Up Rating Change (or a deemed Step Up Rating Change, as set out below), the Initial Margin will increase by the Step Up Margin specified in the applicable Final Terms.

In the event that a Step Down Rating Change (or a deemed Step Down Rating Change, as set out below) occurs after the date of a Step Up Rating Change (or a deemed Step Up Rating Change, as set out below) or on the same date but subsequent thereto, then for any Interest Period commencing on or after the first Interest Payment Date falling on or immediately following the date of such Step Down Rating Change (or deemed Step Down Rating Change), the Margin will decrease back to the Initial Margin.

(C) **General**

The Issuer shall use all reasonable efforts to maintain a credit rating for the Notes from each of S&P and Moody's; *provided that* the Issuer may in its sole discretion substitute either such credit rating for the Notes with a credit rating for the Notes from the Substitute Rating Agency. If either such credit rating for the Notes is so substituted by the Issuer, references in this Condition 5.3 to S&P, Moody's or a Rating Agency, as the case may be, or the ratings thereof, shall be to the Substitute Rating Agency or, as the case may be, the equivalent ratings thereof.

In the event that either Rating Agency fails to, or ceases to, assign a rating to the Notes, the Issuer shall use all reasonable efforts to obtain a rating of the Notes from the Substitute Rating Agency and: (i) if such a rating is so obtained from the Substitute Rating Agency, references in this Condition 5.3 to S&P, Moody's or a Rating Agency, as the case may be, or the ratings thereof, shall be to the Substitute Rating Agency or, as the case may be, the equivalent ratings thereof; and (ii) if such a rating is not obtained from the Substitute Rating Agency, then, for the purposes of the interest rate adjustments described in this Condition 5.3, the rating assigned to the Notes by the remaining Rating Agency (if any) shall be deemed also to be the rating assigned to the Notes by the other Rating Agency.

In the event that both Rating Agencies fail to, or cease to, assign a rating to the Notes and the Issuer fails to obtain a rating for the Notes from the Substitute Rating Agency,

a Step Up Rating Change will be deemed to have occurred on the date of such failure but not otherwise. If a rating of the Notes is subsequently assigned by one or more Rating Agencies, then if such rating (or ratings if more than one) is at least Investment Grade, a Step Down Rating Change will be deemed to have occurred on the date of such assignment.

The Rate of Interest or the Margin, as the case may be, will only increase by the Step Up Margin, as provided above, upon the first occurrence of a Step Up Rating Change (or a deemed Step Up Rating Change) on or after the Issue Date of the first Tranche of the Notes. A decrease to the Rate of Interest or the Margin by the Step Up Margin, as the case may be, following the occurrence of a Step Down Rating Change or a deemed Step Down Rating Change may only occur once and, in any event, only after the occurrence of the Step Up Rating Change or deemed Step Up Rating Change, as the case may be.

The Issuer shall cause each Rating Change (if any) and the relevant Rate of Interest or Margin, as the case may be, to be notified to the Principal Paying Agent, the Calculation Agent, the Trustee and any stock exchange or other relevant authority on which the Notes are for the time being listed and the Noteholders in accordance with Condition 14 as soon as practicable after such Rating Change. Promptly upon the Issuer exercising the substitution discretion described in the first paragraph of this Condition 5.3, the Issuer shall give notice thereof to the Trustee and the Noteholders in accordance with Condition 14.

The Trustee shall not be responsible for monitoring the rating of any Notes issued by the Issuer and shall not be liable to any person in relation thereto.

For the purposes of the Conditions:

Fitch means Fitch Ratings Ltd., or any successor;

Investment Grade means Baa3/BBB- or equivalent, or better;

Moody's means Moody's Investors Service Limited, or any successor;

Rating Change means a Step Up Rating Change (or a deemed Step Up Rating Change, as set out above) and/or a Step Down Rating Change (or a deemed Step Down Rating Change, as set out above) which results in an adjustment to the Rate of Interest or the Margin, as the case may be, as described in this Condition 5.3;

S&P means S&P Global Ratings (UK) Limited, or any successor;

Step Down Rating Change means, subject as provided above in relation to a deemed Step Down Rating Change, either:

- (i) the first public announcement by both Rating Agencies of an increase in the rating of the Notes to at least Investment Grade; or

- (ii) the first public announcement by either Rating Agency of an increase in the rating of the Notes to at least Investment Grade, and a confirmation by the other Rating Agency that the rating of the Notes is at least Investment Grade,

provided that, for the avoidance of doubt, any further increases in the credit rating of the Notes above Investment Grade shall not constitute a Step Down Rating Change; and

Step Up Rating Change means, subject as provided above in relation to a deemed Step Up Rating Change, the first public announcement by either Rating Agency or, as the case may be, both Rating Agencies of a decrease in the rating of the Notes to below Investment Grade. For the avoidance of doubt, any further decreases in the credit rating of the Notes below Investment Grade shall not constitute a Step Up Rating Change.

In this Condition 5.3:

Rating Agency means S&P, Moody's or the Substitute Rating Agency (as applicable); and

Substitute Rating Agency means (i) Fitch or (if applicable) S&P or Moody's to the extent previously substituted pursuant to the Issuer's substitution discretion described in the first paragraph of this Condition 5.3(C) or (ii) in the event that any of S&P, Moody's or Fitch ceases to operate its rating business without any successor, such other rating agency of equivalent international standing specified by the Issuer and agreed in writing by the Trustee (and the Trustee may (and shall if so required by the Issuer), in each case at the Issuer's expense and/or subject to its being indemnified and/or secured and/or prefunded to its satisfaction consult promptly and may rely absolutely on advice from a reputable financial adviser in this regard and shall not be liable for such reliance).

5.4 Exempt Notes

In the case of Exempt Notes which are also Floating Rate Notes, if the Reference Rate from time to time is specified in the applicable Pricing Supplement as being other than EURIBOR, SONIA, SOFR or €STR, the Rate of Interest in respect of such Exempt Notes will be determined as provided in the applicable Pricing Supplement.

The rate or amount of interest payable in respect of Exempt Notes which are not also Fixed Rate Notes or Floating Rate Notes shall be determined in the manner specified in the applicable Pricing Supplement.

5.5 Accrual of interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (A) the date on which all amounts due in respect of such Note have been paid; and

(B) as provided in the Trust Deed.

6. PAYMENTS

6.1 Method of payment

Subject as provided below:

- (A) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); and
- (B) payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment or other laws and regulations to which the Issuer or its Agents are subject, but without prejudice to the provisions of Condition 8 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 8) any law implementing an intergovernmental approach thereto.

6.2 Presentation of definitive Bearer Notes and Coupons

Payments of principal in respect of definitive Bearer Notes will (subject as provided below) be made in the manner provided in Condition 6.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Bearer Notes, and payments of interest in respect of definitive Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

Fixed Rate Notes in definitive bearer form (other than Fixed Rate Notes in respect of which “*Step Up / Step Down Rating Change*” is specified in the applicable Final Terms as being “Applicable” and Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have

become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive bearer form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note or Fixed Rate Note in respect of which “*Step Up / Step Down Rating Change*” is specified in the applicable Final Terms as being “Applicable” or Long Maturity Note in definitive bearer form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity Note** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose principal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the principal amount of such Note.

If the due date for redemption of any definitive Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Bearer Note.

6.3 Payments in respect of Bearer Global Notes

Payments of principal and interest (if any) in respect of Notes represented by any Global Note in bearer form will (subject as provided below) be made in the manner specified above in relation to definitive Bearer Notes or otherwise in the manner specified in the relevant Global Note, where applicable against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made either on such Global Note by the Paying Agent to which it was presented or in the records of Euroclear and Clearstream, Luxembourg, as applicable.

6.4 Payments in respect of Registered Notes

Payments of principal in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the register of holders of the Registered Notes maintained by the Registrar (the **Register**) (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. For these purposes, **Designated Account** means the account (which, in the case of a payment in Japanese yen to a non resident of Japan, shall be a non resident account) maintained by a holder with a Designated Bank and identified as such

in the Register and **Designated Bank** means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively) and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest in respect of each Registered Note (whether or not in global form) will be made by transfer on the due date to the Designated Account of the holder (or the first named of joint holders) of the Registered Note appearing in the Register (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the **Record Date**). Payment of the interest due in respect of each Registered Note on redemption will be made in the same manner as payment of the principal amount of such Registered Note.

No commissions or expenses shall be charged to the holders by the Registrar in respect of any payments of principal or interest in respect of Registered Notes.

None of the Issuer, the Trustee or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

6.5 General provisions applicable to payments

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular principal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for their share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Bearer Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (A) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Bearer Notes in the manner provided above when due;
- (B) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and

- (C) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

6.6 Payment Day

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 9) is:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits):
 - (i) in the case of Notes in definitive form only, in the relevant place of presentation; and
 - (ii) in each Additional Financial Centre (other than T2) specified in the applicable Final Terms;
- (B) if T2 is specified as an Additional Financial Centre in the applicable Final Terms, a day on which T2 is open; and
- (C) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which T2 is open.

6.7 Interpretation of principal and interest

Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (A) any additional amounts which may be payable with respect to principal under Condition 8 or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed;
- (B) the Final Redemption Amount of the Notes;
- (C) the Early Redemption Amount of the Notes;
- (D) the Optional Redemption Amount(s) (if any) of the Notes;
- (E) the Change of Control Put Redemption Amount of the Notes;
- (F) the Clean-up Call Redemption Amount (if any) of the Notes; and

- (G) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in the Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8 or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed.

7. REDEMPTION AND PURCHASE

7.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

7.2 Redemption for tax reasons

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Noteholders in accordance with Condition 14 (which notice shall be irrevocable), the Trustee, the Principal Paying Agent and (in the case of Registered Notes) the Registrar, if the Issuer satisfies the Trustee immediately before the giving of such notice that:

- (A) as a result of any change in, or amendment to, the laws or regulations of a Relevant Jurisdiction (as defined in Condition 8) or any change in the application or official interpretation of the laws or regulations of a Relevant Jurisdiction, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes, on the next Interest Payment Date, the Issuer would be required to pay additional amounts as provided or referred to in Condition 8; and
- (B) the requirement cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be required to pay such additional amounts were a payment in respect of the Notes then due.

Should any Note, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent (in the case of Bearer Notes or Coupons) or the Registrar (in the case of Registered Notes) upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

12. AGENTS

The initial Agents are set out above. If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the applicable Final Terms.

In acting under the Agency Agreement, the Agents act solely as agents of the Issuer and, in certain circumstances specified therein, of the Trustee and do not assume any obligation to, or relationship of agency or trust with, any Noteholder or Couponholder. The Agency Agreement contains provisions permitting any entity into which any Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor agent.

13. EXCHANGE OF TALONS

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of any Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 9.

14. NOTICES

All notices regarding the Bearer Notes will be deemed to be validly given if published in a leading English language daily newspaper of general circulation in London. in more than one newspaper, on the date of the first publication in all required newspapers. If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Trustee shall approve. Couponholders will be deemed for all purposes to have notice of the contents of any notice given to the Noteholders in accordance with this paragraph.

All notices regarding the Registered Notes will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Registered Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published on the website of the relevant stock exchange or relevant authority and/or in a daily newspaper of general circulation in the place or places required by those rules.

Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) or such websites or such mailing the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published on the website of the relevant stock exchange or relevant authority and/or in a daily newspaper of general circulation in the place or places required by those rules. Any such notice shall be deemed to have been given to the holders of the Notes on the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes). Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Principal Paying Agent or the Registrar through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Principal Paying Agent, the Registrar and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

- (A) the Trustee being satisfied that the interests of the Noteholders will not be materially prejudiced by the substitution; and
- (B) certain other conditions set out in the Trust Deed being complied with.

Any substitution shall be binding on the Noteholders and the Couponholders and shall be notified by the Issuer to the Noteholders as soon as practicable thereafter in accordance with Condition 14.

The Trust Deed provides that, when determining whether an indemnity or any security or pre-funding is satisfactory to it, the Trustee shall be entitled (i) to evaluate its risk in any given circumstance by considering the worst-case scenario and (ii) to require that any indemnity or security given to it by the Noteholders or any of them be given on a joint and several basis and be supported by evidence satisfactory to it as to the financial standing and creditworthiness of each counterparty and/or as to the value of the security and an opinion as to the capacity, power and authority of each counterparty and/or the validity and effectiveness of the security.

17.2 Trustee Contracting with the Issuer

The Trust Deed also contains provisions pursuant to which the Trustee is entitled, inter alia, (a) to enter into business transactions with the Issuer and/or any of its Subsidiaries and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and/or any of its Subsidiaries, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders or Couponholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

18. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Noteholders or the Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and the date from which interest starts to accrue and so that the same shall be consolidated and form a single Series with the outstanding Notes.

19. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No person shall have any right to enforce any term or condition of this Note under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

20. GOVERNING LAW

20.1 Governing law

The Trust Deed, the Agency Agreement, the Notes and the Coupons and any non-contractual obligations arising out of or in connection with the Trust Deed, the Agency Agreement, the Notes and the Coupons are governed by, and construed in accordance with, English law.

20.2 Submission to jurisdiction

- (A) Subject to Condition 20.2(C) below, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Trust Deed, the Notes and/or the Coupons, including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the Trust Deed, the Notes and/or the Coupons (a **Dispute**) and accordingly each of the Issuer and the Trustee and any Noteholders or Couponholders in relation to any Dispute submits to the exclusive jurisdiction of the English courts.
- (B) For the purposes of this Condition 20.2, the Issuer waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.

- (C) To the extent allowed by law, the Trustee, the Noteholders and the Couponholders may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions.

USE OF PROCEEDS

The net proceeds from each issue of Notes will be applied by the Issuer for its general corporate purposes, which include making a profit. If, in respect of an issue, there is a particular identified use of proceeds, this will be stated in the applicable Final Terms or the applicable Pricing Supplement, as the case may be.

DESCRIPTION OF THE ISSUER

ITV was incorporated on 18 November 2003 in England and Wales as a private company limited by shares under the Companies Act 1985 with registered number 4967001 and was re-registered as a public limited company on 3 December 2003.

The incorporation of ITV was directly connected with the merger of Carlton Communications plc (now called Carlton Communications Limited) (**Carlton**) and Granada plc (now called Granada Limited) (**Granada**) which was effected by way of inter-conditional schemes of arrangement between the respective shareholders of Carlton and Granada, and became unconditional and effective on 2 February 2004. The effect of the schemes of arrangement was that the newly formed ITV now owns, directly or indirectly, the entire issued ordinary share capital of both Carlton and Granada. ITV is the parent company of the Group.

ITV's head office address and registered office is at White City Place, 201 Wood Lane, London, W12 7RU.

Overview of ITV

ITV is a leading global and diversified vertically integrated producer, broadcaster and streamer. ITV's purpose is to entertain and connect with millions of people in the UK and globally, reflecting and shaping culture and building brands with brilliant content and creativity.

ITV has two divisions: **ITV Studios** is the worldwide content creation division, while Media and Entertainment (**M&E**) is the division through which ITV distributes content across its ad-funded linear channels and ITVX, its free ad-supported streaming platform.

ITV Studios is a scaled and global creator, owner and distributor of high-quality TV content. It operates in 13 countries, across more than 60 labels and has a global distribution network. It is diversified by genre, geography and customer in the key creative markets around the world. ITV Studios is the largest producer in the UK, one of the largest unscripted producers in the US and one of the top three producers in the majority of the international markets in which it operates.

ITV Studios has established relationships with key content buyers and leading creative talent in key creative markets around the world; with a combined content library of over 90,000 hours, it is also one of the pre-eminent global distributors of creative content.

ITV is the largest commercial broadcaster and streamer in the UK, delivering unrivalled audience scale and reach. M&E has two business units - Streaming and Broadcast - through which ITV distributes content via ITVX, its free advertiser-funded streaming service, and via its free-to-air linear TV channels. ITV's content is also distributed on third-party partner platforms such as Sky and Virgin. ITVX also includes a subscription tier, ITVX Premium, which provides subscribers with all of ITVX's programming ad-free along with other exclusive content. ITV offers advertisers a unique combination of mass simultaneous reach, targeted advertising, and commercial and creative partnerships, in a brand-safe environment across ITVX and its linear TV channels.

ITV aims to drive digital revenues through ITVX and Planet V. Planet V is ITV's scaled programmatic addressable advertising platform, which is the UK's second-largest programmatic video advertising platform, after Google. It is supported by ITV's extensive data assets and capabilities, providing

attractive products for advertisers. Planet V's end-to-end technology is wholly-owned by ITV, and is unique in the broadcast industry, ensuring all returns flow to ITV with no value leakage through third-party commissions. It is a self-service platform enabling advertisers to plan and buy ITVX inventory seamlessly and cost-effectively. The platform is used by over 2,000 users (2022: over 1,800) in the UK and offers agencies and advertisers access to over 20,000 data-targeting options to create sophisticated audience segments. Users can also incorporate their own first-party data in a data protection law compliant environment using InfoSum (an identity infrastructure provider), and monitor their campaigns through a custom-built user interface.

Since 2005, ITV has wholly owned SDN Limited which generates revenue by licensing multiplex capacity to broadcast channels, radio stations and data providers on digital terrestrial television (DTT) or Freeview. SDN's multiplex license runs until 31 December 2034.

ITV Studios

ITV Studios is a scaled and diversified business, by genre, geography and customer, in the key creative markets around the world and in the financial year ending 31 December 2023 achieved total revenue of £2,170 million (2022: £2,096 million).

Expanding UK and global productions is central to ITV's "More Than TV" strategy. ITV Studios' ambition is to be a leading force in the creation and ownership of intellectual property (IP), global content production and distribution.

ITV Studios UK is the largest content producer in the UK. It produces programming across a diverse range of genres, for ITV's family of linear TV channels and ITVX, and other UK public service broadcasters (**PSBs**) including the BBC, Channel 4, Channel 5, along with global streaming platforms. ITV Studios' diverse range of labels gives it expertise in a number of genres such as natural history expertise through Plimsoll and factual programmes which *The Garden* is a leader in creating.

ITV Studios has a global presence, with 58 per cent. of its total revenue for the financial year ending 31 December 2023 being from outside the UK (2022: 60 per cent.).

ITV Studios US creates and produces content for all the major networks and cable channels, along with every major streaming platform, across the US. The business is made up of: ITV America, which develops and produces unscripted content and has a portfolio of successful formats and returning series; and ITV Studios America, which produces high-end scripted programming with the potential to travel and build international appeal. Examples of unscripted successes for ITV America include *Hell's Kitchen USA*, *Queer Eye* and *Love Island USA*. Recent titles from ITV Studios America include *Franklin* and *Physical* for Apple+ and *One Piece* for Netflix.

ITV Studios also operates in the Netherlands, Germany, France, Italy, Spain, Israel, the Nordics and Australia, producing scripted and unscripted content for local broadcasters and local and global streaming platforms. This is either locally created content, or formats that have been created elsewhere by ITV.

ITV Studio's ownership of unscripted formats and distribution of content is managed by Global Partnerships. Formats focus on the sale and exploitation of unscripted formats internationally and ITV is one of the largest format distributors worldwide. Examples of established ITV formats include, *The Voice*, *The Chase*, *Love Island* and *I'm a Celebrity... Get Me Out Of Here*. Global Partnerships also generates revenue from licensing ITV's brands for games, live events and merchandise. The distribution business focuses on the international distribution of ITV Studios scripted and unscripted content and third-party content to broadcasters and platforms internationally. Within this business, we also finance ITV and third-parties' productions to acquire global distribution rights.

Media and Entertainment

ITV is the largest commercial broadcaster and streamer in the UK, with unrivalled audience size and reach. In 2023 it delivered 91 per cent. (2022: 93 per cent.) of the top 1,000 commercial broadcast programmes on TV and had a 32.6 per cent. (2022: 33.8 per cent.) share of commercial viewing.¹¹

M&E is the home of ITV's family of channels and platforms – the largest family of free-to-air commercial channels in the UK. It is made up of two parts – Streaming and Broadcast.

ITV's Streaming offering is through ITVX, its free, ad-funded streaming platform that launched in Q4 2022. ITVX combined the former ITV Hub, ITV Hub+ and BritBox UK platforms into an integrated free, ad-funded platform, with a compelling subscription-funded, ad-free premium tier. In 2023, ITVX has had a positive first full year with 1,505 million total streaming hours (2022: 1,192 million) and 12.5 million monthly active users (2022: 10.5 million).

ITVX has over 25,000 hours of content available (including over 7,000 hours exclusively on the premium ad-free tier), including on-demand content from ITV's five linear TV channels, FAST (free ad-supported TV) channels, exclusive ITVX content (such as anime, true crime and US box sets), ITVX Kids, and over 300 films, creating one of the UK's largest free film libraries. As well as the free content available on ITVX, ITVX's premium subscription tier offers users the opportunity to enjoy all ITVX programming ad-free, plus exclusive content and access to BritBox UK (content from the ITV and BBC libraries). ITV also generates revenue through in-programme competitions and voting through ITV Win, its digital competitions platform.

In the financial year ending 31 December 2023, total digital revenue was £490 million (see page 30 of the ITV Annual Report 2023) (2022: £411 million). As part of ITV's "More Than TV" strategy, ITV is focusing on achieving at least £750 million of total digital revenue by 2026 which shows the acceleration of ITV's digital strategy as it supercharges streaming.

Within ITV's Broadcast business, ITV operates the largest family of free-to-air commercial television channels in the UK. These channels provide unparalleled audience scale and reach in the UK, as well as targeted demographics demanded by advertisers. Despite the growth in streaming viewing, linear TV remains important for both ITV's viewers and advertisers. ITV's family of linear TV channels are advertiser-funded and consist of ITV1, ITV2, ITV3, ITV4 and ITVBe. ITV1 offers unique audience scale and simultaneous reach to television advertisers, whilst ITV's other channels offer more targeted

demographics. These revenue streams enable ITV's investment in high-quality programming across a range of genres, which underpins the success of both Broadcast and Streaming.

ITV1 comprises one national and 15 regional Channel 3 licences. ITV owns 13 of the regional licences which are East of England, England-Scotland Border, East, West and South Midlands, Wales, North West England and Isle of Man, London (weekdays), London (weekends), South and South East England, North East England, South West and West of England, Yorkshire and Lincolnshire, Channel Islands and Northern Ireland. The remaining licences are owned by STV Group plc (Central Scotland and North of Scotland). ITV also owns the national license for National Breakfast Time. The current Channel 3 licences expire on 31 December 2024. On 20 March 2024, ITV announced that it had accepted Ofcom's offer to renew all of its Channel 3 licences for a full ten-year term until the end of 2034.

As part of ITV's "More Than TV" strategy, linear broadcast remains very important to ITV as well as to both ITV's viewers and advertisers. ITV will continue to optimise its strong broadcasting position by maintaining its share of commercial broadcast viewing and its unique ability to deliver mass audiences. Coupled with further investment into digitalising ITV this will allow linear broadcast to continue to play an important role in ITV's business model.

Strategy

ITV's 2026 'More Than TV' strategic vision is to be a leader in UK advertiser-funded streaming, and an expanding global force in content. ITV's strategy is focused on three strategic pillars to deliver this vision:

- **Expand Studios:** Further expanding by genre, geography and customers and growing faster than market.
- **Supercharge Streaming:** Driving digital viewing and revenue through ITVX and Planet V, ITV's leading addressable advertising platform.
- **Optimise Broadcast:** Digitally transforming as ITV continues to attract commercial broadcast audiences of unparalleled scale.

These pillars are underpinned by a number of priorities to ensure that ITV is best placed to capitalise on the opportunities presented by the rapidly changing viewing, content production and advertising environments. These pillars are not independent. They work together; reinforcing each other, creating synergies and delivering value.

A full overview of the Group's strategy is available on page 10 to 13 of the ITV Annual Report 2023 incorporated by reference herein.

Recent Developments

On 1 March 2024, ITV announced the sale of its entire 50 per cent. interest in digital subscription streaming service BritBox International to BBC Studios. The transaction will provide proceeds net of loan repayments, accrued dividends and taxes totalling around £235 million. Under the terms of the sale, ITV Studios will continue to receive an ongoing revenue stream from BritBox International similar to current levels for the use of ITV content under new extended licensing agreements. ITV intends to return the entire net sale proceeds to shareholders through a share buyback, which launched on 7 March 2024.

Regulation

ITV is subject to regulation under UK and European Union legislation. ITV also has production companies incorporated and registered in each of Australia, The Netherlands, Germany, France, Italy, Spain, Norway, Sweden, Denmark, Finland, Israel, and the United States, which are subject to the laws of those jurisdictions. The regulatory regimes that affect ITV's business are primarily broadcasting, telecommunications and advertising laws and regulations. ITV's business is subject to regulation by various regulatory authorities. The primary regulator of ITV's business is Ofcom, the principal regulator for the UK broadcasting industry. Other UK regulators that are particularly relevant to ITV's business are the Advertising Standards Authority and the Competition and Markets Authority.

The PSBs are subject to additional tiers of content regulation, including production quotas for independent, regional and original production. The PSBs are also subject to additional quotas for particular genres of programming, such as news, current affairs, and – in the case of ITV – regional programming. The volume and nature of television advertising are also regulated, with the commercial public service broadcasters again subject to tighter restrictions than other channels.

The Media Bill which is currently working its way through Parliament, will update the legal and regulatory framework for television, particularly when delivered online. This should help ensure that content from PSBs, including ITV, will be included and easily discoverable on all major streaming platforms, on fair commercial terms.

In May 2023, ITV submitted its application to Ofcom for the renewal of its Channel 3 licences, which expire on 31 December 2024. On 20 March 2024, ITV announced that it had accepted Ofcom's offer to renew all of its Channel 3 licences for a full ten-year term until the end of 2034.

Litigation

Save for the matters described below, there are no governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened, of which the Issuer are aware), which may have, or have had during the 12 months prior to the date of this Prospectus, a significant effect on the financial position or profitability of the Group. For further detail on outstanding or pending litigation and provision for legal disputes, please see page 195 of ITV Annual Report 2023, incorporated by reference herein.

Box Clever Pension Scheme

On 17 March 2020, after proceedings in the Upper Tribunal and Court of Appeal were dismissed, certain companies within the Group were issued with Financial Support Directions (“**FSD**”) by the Pensions Regulator (“**tPR**”) in relation to potential contributions to be made to the Box Clever Technology Limited’s (“**Box Clever**”) pension scheme. Box Clever was a TV rental business that went into administrative receivership in 2003, since which the Group has not had any commercial connection.

In 2022 the Group received a warning notice from tPR that it was considering exercising its power to issue a contribution notice for the amount of £133 million, which is based on a buyout estimate as at 31 March 2021 provided by the Scheme’s actuarial adviser, plus a prudent margin. The Group made representations in relation to the warning notice on 31 October 2022, tPR responded on 28 July 2023 and the Group replied on 14 November 2023.

There remains a significant number of undecided issues as to the quantum and form of financial support and ITV continues to believe there are many important factors which need to be taken into account in any decision, and therefore there remains uncertainty around the financial support to be provided.

Depending on the outcome of these decisions of tPR there may be a significant impact on the Group's financial position, net sales and cash flow. The ITV Annual Report 2023 contains a provision in respect of this matter of £52 million (2022: £52 million), which represents the offer made to settle the matter and is based on an IAS 19 valuation to transfer certain liabilities into the existing ITV pension scheme, which ITV considers to be the most likely form of settlement. The Group remains willing to engage with tPR to resolve the matter.

Employee-related

The determination of the employment tax status of some individuals contracted by the Group is complex. HMRC has issued assessments to the Group for several individuals engaged by the Group during the tax years 2016/17 to 2018/19 as employed for tax purposes and a provision of £56 million was made in 2022. During 2023, the Group has further reviewed the provision, which has resulted in an increase in the provision of £2 million.

Due to ongoing reviews by HMRC and court cases in this matter, the final amount payable could be significantly different than this £58 million provision (2022: £56 million). It is difficult to provide a range for the expected final amounts payable as case law is continually evolving on this matter, particularly in relation to Front of Camera presenters. Very few cases have reached the higher courts and fact patterns can be very different in individual cases, so determination of employment status for tax purposes remains very subjective.

For further detail on these matters, please see page 195 of the ITV Annual Report 2023, incorporated by reference herein.

TAXATION

Tax legislation, including in the country where the investor is domiciled or tax resident and in the Issuer's country of incorporation, may have an impact on the income that an investor receives from the Notes.

UNITED KINGDOM TAXATION

The following comments are of a general nature and are based on the Issuer's understanding of current United Kingdom law and published HM Revenue and Customs' (HMRC) practice which may not be binding on HMRC and are subject to change (possibly with retrospective effect), in each case as at the date of this Prospectus. They are not intended to be exhaustive. They describe only the United Kingdom withholding tax treatment of payments of interest (as that term is understood for United Kingdom tax purposes) in respect of Notes. They do not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of Notes. They relate only to the position of persons who are the absolute beneficial owners of the Notes and may not apply to certain classes of persons such as dealers, persons connected with the Issuer, professional investors and persons who have acquired their Notes by reason of their employment, to whom special rules apply. Prospective Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.

Payments of interest on the Notes may be made without deduction of or withholding for or on account of United Kingdom income tax provided that the Notes are and continue to be "quoted Eurobonds" within the meaning of section 987 of the Income Tax Act 2007. The Notes will constitute "quoted Eurobonds" while they carry a right to interest and are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Income Tax Act 2007. The London Stock Exchange is a recognised stock exchange. Securities will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning of and in accordance with the provisions of Part 6 of the Financial Services and Markets Act 2000) and admitted to trading on the London Stock Exchange. Provided, therefore, that the Notes carry a right to interest and are and remain so listed on a "recognised stock exchange", interest on the Notes will be payable without deduction or withholding for or on account of United Kingdom tax.

Payments of interest on Notes may be made without deduction or withholding for or on account of United Kingdom tax where the maturity of the Notes is less than 365 days and those Notes do not form part of a scheme or arrangement of borrowing intended to be, or capable of remaining, outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments of interest on the Notes that have a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to any other available exemptions and reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to the Issuer to pay interest to the Noteholder without withholding or deduction for or on account of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

Where Notes are issued with a redemption premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest and, if so, may be subject to United Kingdom withholding tax as outlined in the preceding paragraphs.

Where Notes are issued at an issue price of less than 100 per cent. of their principal amount, any payments in respect of the accrued discount element on any such Notes may be made without deduction or withholding for or on account of United Kingdom income tax, as long as they do not constitute payments in respect of interest.

FATCA DISCLOSURE

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a **foreign financial institution** (as defined by FATCA) may be required to withhold on certain payments it makes (**foreign passthru payments**) to persons that fail to meet certain certification, reporting or related requirements. The issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including the UK) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (**IGAs**), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are published generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the issuer). However, if additional Notes (as described under Condition 18) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

SUBSCRIPTION AND SALE

The Dealers have, in a Programme Agreement (such Programme Agreement as modified and/or supplemented and/or restated from time to time, the **Programme Agreement**) dated 28 March 2024, agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under “*Form of the Notes*” and “*Terms and Conditions of the Notes*”. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

SELLING RESTRICTIONS

United States

The Notes have not been and will not be registered under the Securities Act or the securities laws of any state or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from or not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder. The applicable Final Terms (or Pricing Supplement, in the case of Exempt Notes) will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S of the Securities Act. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Prohibition of sales to EEA Retail Investors

Unless the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) specifies “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and

agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Prospectus as completed by the Final Terms (or Pricing Supplement, as the case may be) in relation thereto to any retail investor in the EEA. For the purposes of this provision:

- (A) the expression **retail investor** means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
 - (ii) a customer within the meaning of the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Regulation; and
- (B) the expression an **offer** includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

If the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) specifies “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, in relation to each Member State of the EEA, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus as completed by the Final Terms (or Pricing Supplement, in the case of Exempt Notes) in relation thereto to the public in that Member State except that it may make an offer of such Notes to the public in that Member State:

- (A) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (B) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (C) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Notes referred to in (A) to (C) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression **an offer of Notes to the public** in relation to any Notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes; and

United Kingdom

Prohibition of sales to UK Retail Investors

Unless the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) specifies “Prohibition of Sales to UK Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Prospectus as completed by the Final Terms (or Pricing Supplement, as the case may be) in relation thereto to any retail investor in the UK. For the purposes of this provision:

- (A) the expression **retail investor** means a person who is one (or more) of the following:
 - (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA; or
 - (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or
 - (iii) not a qualified investor as defined in Article 2 of the UK Prospectus Regulation; and
- (B) the expression an **offer** includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

If the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) specifies “Prohibition of Sales to UK Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus as completed by the Final Terms (or Pricing Supplement, in the case of Exempt Notes) in relation thereto to the public in the UK except that it may make an offer of such Notes to the public in the UK:

- (A) at any time to any legal entity which is a qualified investor as defined in Article 2 of the UK Prospectus Regulation;
- (B) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in Article 2 of the UK Prospectus Regulation) in the UK subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (C) at any time in any other circumstances falling within section 86 of the FSMA,

provided that no such offer of Notes referred to in (A) to (C) above shall require the Issuer or any Dealer to publish a prospectus pursuant to section 85 of the FSMA or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

For the purposes of this provision, the expression **an offer of Notes to the public** in relation to any Notes means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

Other regulatory restrictions

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (B) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (C) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the UK.

Singapore

Unless the Final Terms (or Pricing Supplement, in the case of Exempt Notes) in respect of any Notes specifies “Singapore Sales to Institutional Investors and Accredited Investors only” as “Not Applicable”, each Dealer has acknowledged, and each further Dealer appointed under the Programme will be required to acknowledge, that this Prospectus has not been registered as a prospectus with the Monetary Authority of Singapore (the **MAS**). Accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold any Notes or caused the Notes to be made the subject of an invitation for subscription or purchase and will not offer or sell any Notes or cause the Notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Prospectus or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes, whether directly or indirectly, to any person in Singapore other than (a) to an institutional investor (as defined in Section 4A of the Securities and Futures Act 2001 of Singapore, as modified or amended from time to time (the **SFA**)) pursuant to

Significant or Material Change

Save as disclosed in the Recent Developments section of this Prospectus, there has been no significant change in the financial performance or financial position of the Group since 31 December 2023 and there has been no material adverse change in the prospects of the Issuer since 31 December 2023.

Litigation

Save as disclosed in "*Description of the Issuer*" above, neither the Issuer nor any other member of the Group is or has been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) in the 12 months preceding the date of this document which may have or have in such period had a significant effect on the financial position or profitability of the Issuer or the Group.

Independent Auditors

The independent auditors of the Issuer are PricewaterhouseCoopers LLP, independent registered Chartered Accountants in England and Wales, who have audited the Issuer's consolidated financial statements, without qualification, in accordance with International Standards on Auditing (UK), as at and for each of the financial years ended on 31 December 2022 and 31 December 2023.

Post-issuance information

The Issuer does not intend to provide any post-issuance information in relation to any issues of Notes.

Dealers transacting with the Issuer

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform financial advisory and other services for the Issuer or its affiliates in the ordinary course of business. Certain of the Dealers may

from time to time also enter into swap and other derivative transactions with the Issuer and/or its affiliates. In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or their affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in the securities of the Issuer, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of the Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Trustee's action

The Conditions and the Trust Deed provide for the Trustee to take action on behalf of the Noteholders in certain circumstances, but only if the Trustee is indemnified and/or secured and/or pre-funded to its satisfaction. It may not always be possible for the Trustee to take certain actions, notwithstanding the provision of an indemnity and/or security and/or pre-funding to it. Where the Trustee is unable to take any action, the Noteholders are permitted by the Conditions and the Trust Deed to take the relevant action directly.
